PUBLIC NOTICE

Notice of Intent to Demolish

County of Clackamas
Housing and Community Development
P.O. Box 2 Marylhurst Campus
Marylhurst, Or 97036
(503) 655-8591

To All Interested Agencies, Groups and Persons:

The above-named County of Clackamas proposes to undertake the demolition of two single family structures in the County of Clackamas, Oregon. These structures are located at ;

6923 Pierce St.
Milwaukie, OR 97222
6707 May St.
Milwaukie, Or 97222

These properties are currently owned by Clackamas County and are detached single family residences. The residences have been vacant for 2 and 5 years respectively. The structures have been classified as dangerous and not financially feasible for renovation.

The property located at 6923 Pierce St. will be sold at public auction as a single-family residential building lot, while the property at 6707 May Street, which is located in a flood plain, is certified non-buildable and will be held by the County as open space.

All interested agencies, groups and persons disagreeing with this decision are invited to submit written comments for consideration by the County of Clackamas to:

Housing and Community Development Agency
P.O. Box 2, Marylhurst Campus, Marylhurst, Oregon 97036

Such written comments should be received by the County on or before December 15, 1979.

REQUEST FOR PROPOSALS

Notice is hereby given that the Tri-County Metropolitan Transportation District of Oregon (Tri-Met) will accept proposals no later than 4:00 p.m. Portland standard time, December 3, 1979, to the attention of Nancy Hood, Tri-Met, grants and contracts, Division of Planning and Development, 4012 SE 17th Avenue, Portland, Oregon 97202.

Proposals will be accepted at that time to conduct a "benchmark" of a study, the Carpool Attitude and Awareness Baseline, conducted last year. The purpose of the benchmark analysis is to measure changes in the marketplace, in Clackamas, Clark (Washington), Multnomah and Washington Counties, and to provide timely information for developing effective marketplace strategies for the coming year.

Funds for this study are being supplied by the federal government through the Federal Highway Administration.

Contractor will be required to comply with all applicable Equal Employment Opportunity laws and regulations.

The Tri-County Metropolitan Transportation District of Oregon will not discriminate with regard to race, color, creed, sex or national origin, in consideration for contract award.

To obtain a copy of the formal request for proposal, please contact Ms. Nancy Hood at the above address or at (503) 283-4802.

BEFORE

THE FEDERAL ENERGY REGULATORY COMMISSION

Application of PACIFIC POWER & LIGHT COMPANY under Section 290.601 of Section 133 of the Public Utility Regulatory Policies Act of 1978 (PURA) for exemptions from reporting requirements of the final regulations concerning the collection of cost of service information.

NOTICE OF FILING OF APPLICATION

PACIFIC POWER & LIGHT COMPANY (Pacific) hereby gives notice that an application was filed with the Federal Energy Regulatory Commission on November 1, 1979 requesting exemptions from the November, 1980 filing of certain cost of service information required by the Federal Energy Regulatory Commission (Commission) under Section 133 of the Public Utility Regulatory Policies Act of 1978 (PURA). The exemptions are requested in accordance with the regulations under the Public Utility Regulation Policies Act of 1978, 18 CFR, 290.601 (1979).

The four requested exemptions from the November, 1980 filing are as follows:

Request No. 1
Section 290.202 (a) Operating and Maintenance Expense Accounts
Pacific requests an exemption from estimating the hourly average energy costs (in cents per kilowatt-hour) for a typical weekday, a typical weekend day, and the system peak day for each month of the reporting period incurred to supply the combined total load of all retail customers and those wholesale customers that are served under firm contracts.

Request No. 2
Section 290.303 (a) Typical Hourly Marginal Energy Costs
Pacific requests an exemption from providing hourly marginal energy costs (in cents per kilowatt-hour) for a typical weekday, a typical weekend day, and the system peak day for each month of the reporting period and for each month of the next five years.

Request No. 3
Section 290.303 (g) Marginal Energy Costs by Costing Period and By Year
Pacific requests an exemption from providing estimates of the average hourly marginal energy cost (in base year cents per kilowatt-hour) by costing period for the reporting period and for each of the next five years.

Request No. 4
Section 290.303 (h) Calculated Marginal Energy Costs by Costing Period
Pacific requests an exemption from calculating a single marginal energy cost for each of the costing periods.

The above exemptions are requested because:

First, the planning and operation of generation resources by Pacific in the Pacific Northwest are unique when compared with the planning and operation of utilities in all other regions of the country. The uniqueness arises because of the combined hydro/thermal mix of generation resources and, in particular, the enormous hydro storage capability which exists within the region. Because of the vast amount of flexibility in operating Pacific's system, the hourly average and marginal energy costs imposed by additional energy demands are approximately the same on a typical weekday, a typical weekend day and the monthly peak day.

Second, nonfirm sales are a major part of Pacific's system operations, and the revenue derived therefrom is a direct offset to the revenue requirements imposed upon Pacific's retail customers. Any attempt to separate out the variable costs of supplying this nonfirm load is limited by the lack of available data, as well as the basic nature of system operation.

All interested parties have until December 31, 1979 to provide written information, views, arguments, or other comments on the above described Application for Exemptions. Such comments should be directed to:

MR. Kenneth R. Plumb, Secretary
Federal Energy Regulatory Commission
825 North Capital Street N.E.
Washington D.C. 20426
