

CHRISTMAS IS

It is the day that people celebrate.
And this is a time of giving and Christmas is.
Is my favorite holiday. And we have fun.
And it is Jesus' birthday.
And you can make a snowman because there will be snow
on the ground.
And I like to take snow and make ice cream out of it.
And I like the snow that's on my house.
And it looks so pretty to me.
And I like the lights around my house.
And I like when I—and most of all I like to— open my
presents.

Dear Santa Claus,

I love you. I hope you will have a very happy merry
Christmas.

WHAT CHRISTMAS MEANS TO ME

Christmas is a fun time of year when kids all over the
world are waiting to open the Christmas presents. On
Christmas children are also decorating the Christmas trees.
Some children put their shoes outside the door with hay in
them for Kris Kringle's camel. Some go skating on the
frozen ponds or lakes. Children also hang stockings by the
chimney for Santa Claus to fill with toys and goodies to
eat. For good boys and girls.

I LIKE CHRISTMAS

I like Christmas because I go to my grandma's house.
And we sing—and I get so happy, and I give presents to
people. And I talk to my grandma and grandpa and we go
out to eat.

CHRISTMAS IS

Christmas is love
Because Jesus died on the cross
for us.
And I love him for what he did
for you and me because
we wouldn't be here right now
on earth.
I love the Lord for what he did
for me.
Toys sometimes don't bother me because
you don't have to have toys all the time,
because toys are nothing to me
right now. The end.
