

**CHRISTMAS IS...**

Christmas means having fun with friends and spending time with mom and dad and grandma. The best thing I like is getting presents and enjoying the fun time.

Some people just like to stay home and open presents.

One good thing about it is getting a Christmas tree and decorating it with pretty lights and a beautiful star at the top. At night you will have some fun dancing around the tree and eating popcorn. If you have some time and there's still popcorn left before Santa Claus comes, make decorations with the popcorn on strings.

**I LIKE KWANZA**

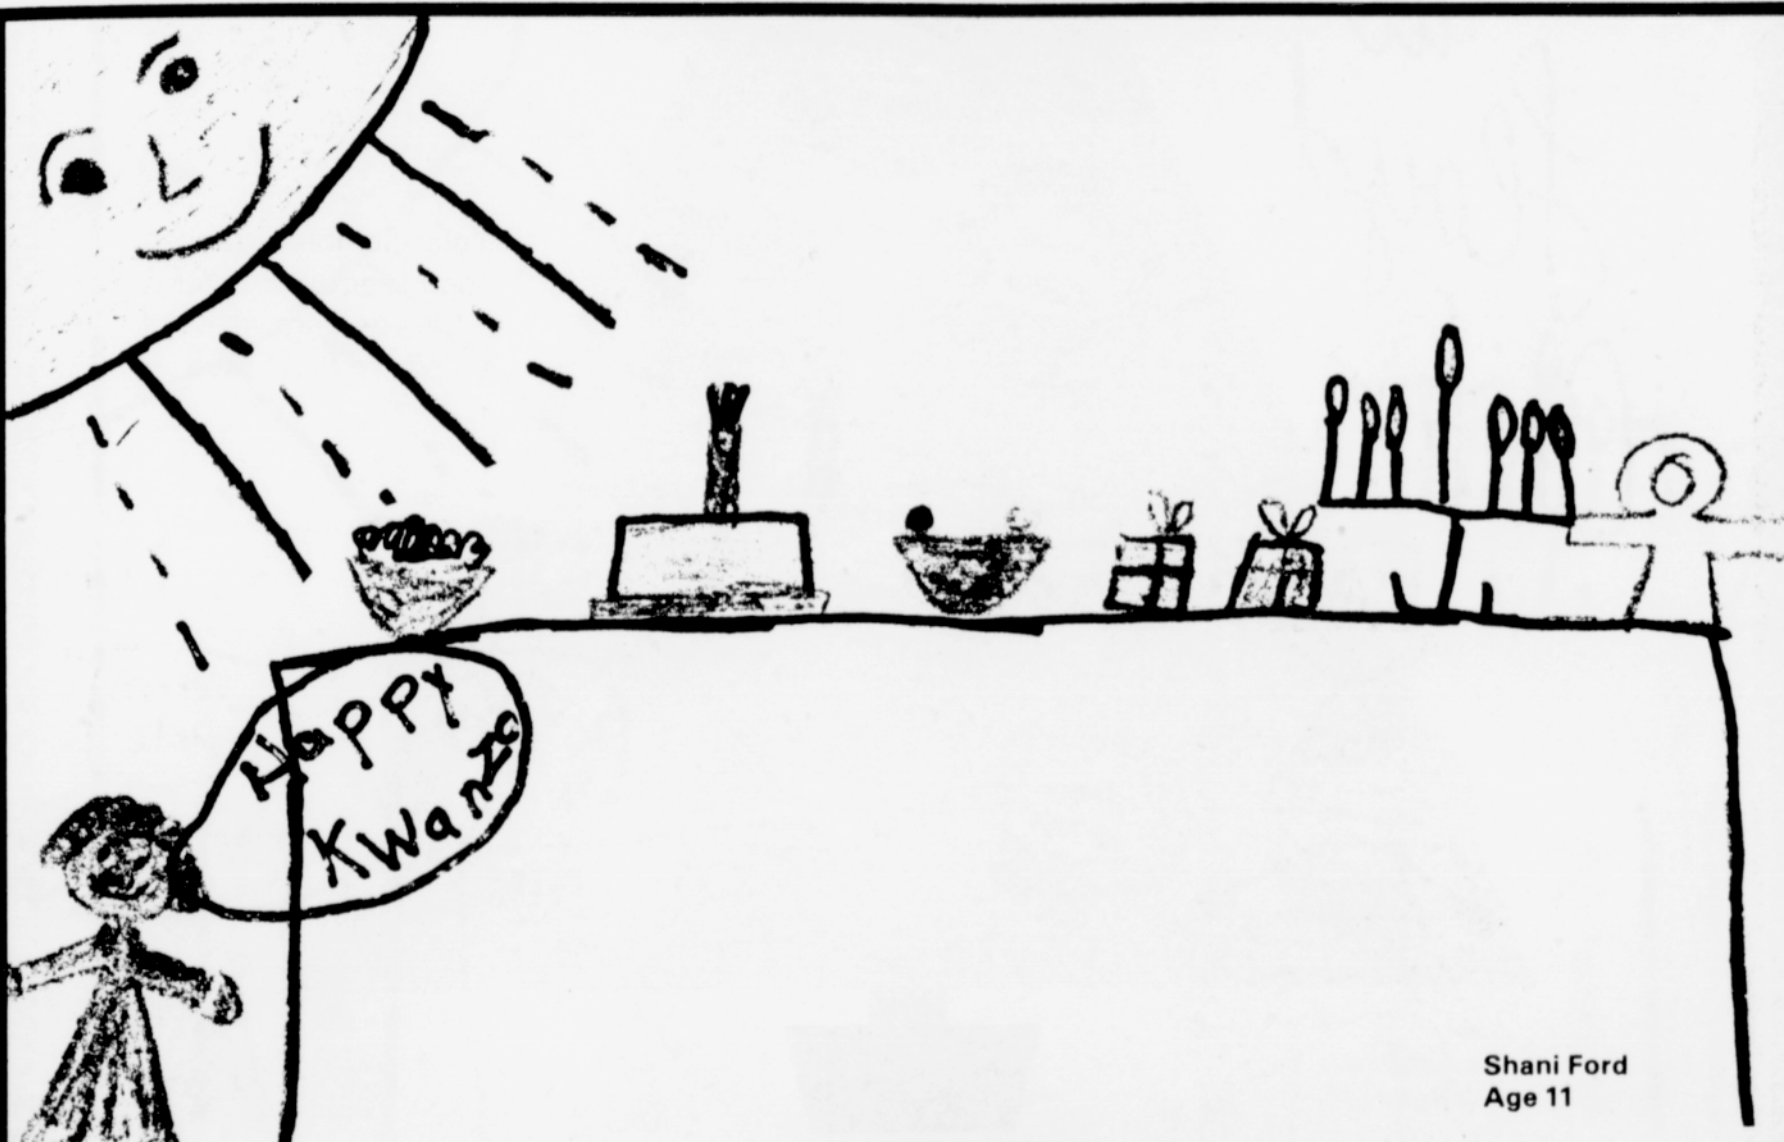

I like Kwanza. Kwanza is coming. Black people are Afrikan people. I like to see the brothers and sisters at Kwanza. Me and my family celebrate Kwanza.

**WHAT CHRISTMAS MEANS TO ME**

Christmas means sharing and giving and love. Christmas means everything to me. But the special thing is, it is Jesus birthday. Christmas is staying together and having fun with your family, and giving cards to lots of people like grandparents and mothers and everybody just sharing, giving and loving. Christmas is having all the fun in loving Christmas and Christmas is my favorite holiday.
