### TESTIMONIALS

1) Miss Joyce J.W., Portland, OR., was in a fix where she could not find or keep a good man. I, Rev. Hoskins, removed the fix and the jinx from her. NOW she can draw the man of her desire to her like a magnet.

2) Mr. & Mrs. C.P. of Compton, CA., could not win the BIG one. They called Rev. Hoskins and Rev. sent them a for-sure win blessing money hand. They went to Las Vegas and their luck kept on coming, winning more than \$16,000.

3) Ms. Barbara T., Inglewood, CA., had a man who left home for another woman. She called Rev. Hoskins with tears in her voice. She wanted him back!! Now he is back and eating out of her hand.

4) Mr. Paul, Los Angeles, CA., was in a fix and rooted by this woman. As a result he lost his nature for other women, but through Rev. Hoskins' work, Paul regained his nature and became luckier than ever with women, money and his business.

5) Mrs. O.I., Long Beach, CA., had demons in her body, and in her home, causing all kinds of bad luck, and unnatural sickness. She called Rev. Hoskins and in 72 hours her home and body were free of unclean spirits.

(The names in the above testimonies have been changed for the protection of the individual.) I guarantee to do what I say I can do. I have a big reputation to protect.

I know the power of the SPIRIT. Don't put it off. Don't let distance keep you from calling. Call now!!! You will be glad you did. Tell a friend where to get HELP today.

RESULTS GUARANTEED.

## Guidelines for Candidates

(Continued from page 1 col. 6)

### II. Black Participation in the Federal Government and Political Parties.

The guidelines call attention to the wide discrepancies in the representation in the federal workforce between Blacks and whites. CBC asks for support of a program that articulates specific goals and timetables for increasing the representation of Blacks in the Senior Executive Service, GS levels 12 through 15, and in Presidential appointments.

The guidelines ask for special attention in making Presidential appointments to top economic policy positions, State Department and other foreign affairs positions, the independent regulatory commissions, the federal judiciary, the White House Domestic Council, the National Security Council, the Council of Economic Advisors, the Council on International Policy, the Council on Wage and Price Stability and the Office of Management and Budget. The guidelines ask for the use of Presidential influence to support appointment of Blacks to international organizations to which the nation belongs.

The CBC asks that the Democratic and Republican Parties increase Black representation on the staffs of national and state committees.

### III. Civil Rights and Affirmative Action

The CBC calls on candidates to:

- campaign and hold office in a manner that makes civil rights and equal opportunity an issue of highest priority
- speak frequently and forcefully to educate the public to the disabilities faced by Blacks and other minorities
- strengthen the machinery for affirmative action and set-aside programs
- support ratification of the DC Voting Rights Amendment
- support ratification of the ERA

### V. Census and Redistricting

The guidelines ask for the use of full judicial power against discriminatory redistricting plans which may occur after the 1980 Census. They ask that federal fund allocations be adjusted to respond to shortchanging of communities where a disproportionate minority undercount may occur.

### VI. Criminal Justice

Candidates are called upon to oppose legislation which purports to reform criminal law but which has serious negative implications for Blacks and other minorities. Among such effects would be efforts to increase the already excessive use of incarceration. Instead, incarceration and discriminatory treatment of Black and other minorities should be reduced and community-based alternatives sought.

### VII. Foreign Policy

In foreign policy decision making the CBC asks candidates to:

- continue policies toward African countries which stress expansion of economic assistance;
- support majority rule for southern African nations;
- re-examine policy which emphasizes the Cuban presence in Africa and which maintains Cold War concepts to the detriment of relations with certain African countries;
- encourage withdrawal of Moroccan involvement in the Spanish Saharan conflict;
- apply increasing economic and political pressure against South Africa;
- increase refugee relief for Africa, which has the greatest number of refugees in the world;
- correct the inequity in the amount of funds for African refugees compared to those from southeast Asia and eastern Europe;
- change the US immigration policy which discriminates against Haitian boat people;
- bolster economic and political relations with Caribbean countries that are suffering from disruptive conditions.
