**Wacker Siltronic.  
A new name in the industry?**

No. Just new to the Portland area. We're the largest producer of silicon wafers in the world. The electronics industry is based on silicon wafers—our product—and the demand is great. That's where you can be of help to us.

**Equipment Mechanical Engineer**

You will be responsible for translating specifications and service requests plus instructing in design or selection of appropriate equipment. You'll also supervise equipment start-up, prepare necessary documentation including operating instructions in special maintenance and procedures. Minimum requirements include an engineering degree or 1-2 years design experience. Dept. 29J-2.

**Environmental Supervisor**

Your responsibilities include waste water treatment and environmental control, solvent recovery, reverse osmosis, DI water production and boilers. You should have first line supervisory experience with proven ability to manage an industrial operation. Knowledge of chemistry and safe-handling of corrosive chemicals is a must. Dept. 29G-2.

**Plant Manufacturing Technician**

You will help with electrical installations, trouble-shooting, maintenance and modification to new and existing equipment. Minimum qualifications include a limited journey manufacturing license. Dept. 28E-2.

You'll enjoy the working environment at our beautiful new building on the Willamette River. If you're interested in working in the heart of the electronics industry without the industry pressure, please send your resume to Wacker Siltronic, P.O. Box 03180, Portland, OR 97201. Please refer to the department number of the position you're interested in. Or call Ron Hamilton at 503/243-2020. An equal opportunity employer.
