From the Sidelines  
By Kathryn Hall Bogle

Jeanne Hartzog "and friends" will hold an Open House at the Reading Achievement Center - N.E. on Friday, February 6, from 4:00 to 8:00 p.m.

The newly established reading center aims to help persons of any age who have difficulties with reading by selective use of a number of different approaches to the individual's needs.

The Center is located at the Columbia Plaza Suite 230 at 4300 N.E. Fremont Street.

Mrs. Nellie Constance Beaty, in the City for a brief visit during the past week, took an hour to speak to the Portland history class of Thomas McKenna at Grant High School.

A picture of Mrs. Beaty, as a graduating senior and listed as Nellie Allen, appears in Grant's 1927 year book when Grant High was but three years old.

Mrs. Beaty, a graduate of Oberlin College of Music is a semi-retired

teacher of piano and organ. In her more active career she taught music classes at Prairie View College in Texas. She maintains her private studios in El Cerito, California.

Mrs. Dolores Leggroan entertained for the visitor while she was in the city.

The Oregon Committee for the Humanities, an affiliate of the National Endowment for the Humanities, provides grants to non-profit community groups, educational institutions, government agencies, and church groups for public humanities projects.

The projects have helped the public understand some phase of the humanities such as history, literature, and philosophy. Or, they may have featured information about other cultures, presented by archeologists, anthropologists or specialists in comparative religions. Some have provided background information about music, dance, drama, or art, thereby increasing

the viewing and listening pleasure of an audience.

In many ways - as many as there are good ideas - these projects help to enrich the lives of Oregonians. Do you have some of those good ideas?

On Wednesday, February 11, humanities committee representatives will hold a short mid-day session to discuss ways in which a humanities committee grant might help your organization put its good ideas to work. The session, to which you are invited, will be held at the Northwest Service Center at 1819 N.W. Everett Street at 1:30 p.m.

You are cordially invited to attend. Carolyn, at 241-0543, will be glad to answer any further questions you may have.

The Joyful Sounds choir is to be heard in concert at the Cascade Center of Portland Community College on Saturday evening, January 31.

According to Margaret Carter, director of the Joyful Sounds, the

MARGARET CARTER

public is invited free of charge, but a donation for expenses of the choir will be accepted. You have a treat in store when Joyful Sounds sing for you.

### FROM THE FRONT DOOR

By Tom Boothe

From the front door, the House of Exodus has prepared a straight forward presentation suitable for Church groups, social groups, or concerned groups. The message content explains how people within their families and friends can make a great difference in their neighborhoods toward the fight against the control of Alcohol and Drug Abuse.

#### BASIC INFORMATION RELATING TO THE QUALITY OF OUR COMMUNITIES

Did you know that Alcohol and Drug Abuse contributes to a high percentage of all criminal acts committed in the Portland Metro Area.

Alcohol and Drug Abuse contributes to a great part of employee incompetency, lack of punctuality and accountability and lost of jobs.

Alcohol and Drug Abuse contributes to a high percentage of all accidents, Auto accidents, job related accidents and accidents which occur in the home.

Alcohol and Drug Abuse contributes in a great way to students lack of interest and willingness to learn.

As you can see Alcohol and Drug Abuse cuts across all sectors of our Society and impairs Human potential and reduces the sense of security and responsibility in the abusers, which affects in one way or another, all of us.

Would you believe that children as young as 5 years old have been reported to be addicted to Alcohol and/or Drugs. Children are becoming addicted at an increasingly early age. We must not forget that these children are the sons and daughters of parents of today, but these same children will be the citizens of tomorrow.

The solution to the Drug and Alcohol problem will ultimately lie with us as citizens, and our willingness to solve the problem by collectively putting our knowledge to use where it counts.

Come join with the House of Exodus in an all out effort to improve the quality of our community through comprehensive Mental Health Education (284-7997).
