69 Productions will have its 3rd Annual Halloween Masquerade Ball Saturday, October 31, at Sheraton Airport.

Local Production Company Presents Event

69 Productions was formed as a result of a Jefferson High School 10-year class reunion. Five friends of the graduating class met in order to sponsor a private party following the ceremony.

69's first private champagne party was such a success, numerous accolades for encores poured in for another 69 Production affair. We decided to legalize and form a business partnership and reinvest our profits for better entertainment. We gave several other productions and they proved successful, enabling us to seek out and secure larger facilities to accommodate our ever growing clientele. The executives, Rick Brame, Kenny Carter, Terry

Tims, Eddie D. Barnett and Michael Turner are striving to elevate 69 Productions to the heights of being a top promotional business in the Northwest area.

We are looking for this year's 3rd annual Halloween Masquerade Ball to be the biggest and best yet, and would like to extend an invitation to all to come out, party with us, and have a good time at the Sheraton-Airport, Saturday, October 31, 1981.

69 Productions would sincerely like to thank everyone for their patronage throughout the past years.
