Christmas is...

Christmas is an important time of year for those who are Christian. It's a time of year that we celebrate the birth of Jesus. It's a time that we should try to share with others, and try to give canned food to the needy. Because they deserve it, and they really do need it. If you can, please give canned food to those whom you know that need it.

The Empty Christmas Stocking

Once upon a time there was a little boy named Jack. On the third day before Christmas—Jak had a job to do. He had to make twenty-five Christmas stockings in two days. To Jack that seemed impossible but he remembered an old saying "When the going gets tough the tough get going." So, he started in a hurry. Before he got sleepy, he made fifteen stockings. The next morning he had done the rest. So it goes to show you, when you really put your mind to it you can do anything.

I'm going to let my family go into freedom. And go into joy. And let the sunshine come in your heart. And you will have a whole in your heart from the sunshine.

Where Am I

It is dark,
all I can see is dust.
I only hear crashing,
smashing clouds.

I try to move. I feel like
dust too.
How will I ever get back.
