

# Bring your money home...

Henry D. Scott, President  
Coast Janitorial Service

Bring your money home and help build our community.

Join those who are building a future by doing their banking business with American State Bank.

For too long we have allowed ourselves to be divided, have preferred not to trust each other and have failed to do business with each other. In the coming days of economic crisis only communities that work together will survive.

Our goal is one million dollars in new deposits during 1982. Right now other banks are holders of Black people's money. This money—if deposited in our bank, your bank—could help build a strong base for the economic development of our community.

We invite you to join our many satisfied customers. Come in and talk about what we can do for each other.

Respectfully,

V.F. Booker, President
