

# FASHIONS

## Hoods up!

**T**HE BIG thing starting this fall for smart heads to head into is the all-purpose hood. For the warm weather, this heady look may be worn on a cotton knit shirt-jacket like this version. It looks terrific over a trim tailored blouse, or all by itself over pants, skirts and shorts. The beauty of a smart hooded top lies in its versatility. Wear the hood up, and protect your hair from the sun, wind and weather, or down, as a super wide collar. Either way, you've got a savvy look that will help take you through the season casually, comfortably and in easy style.

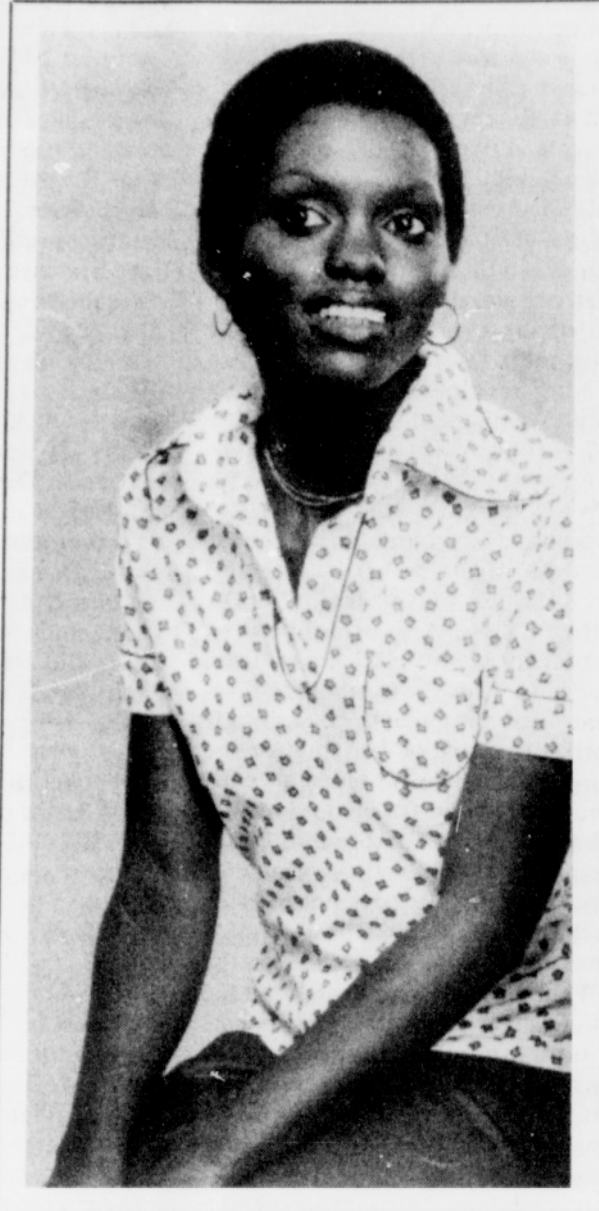

## Winning team

The top story that's making fashion news this season is two-part. Namely, softly tailored shirts teamed with pattern and color-coordinated tanks. Toppings like this smart duo double-duty wearability. The pieces can stand alone easily and don't get gimmicky on the double. It's one of the easiest ways to build a put-together fashion look that's casual but has enough snap and polish to take you anywhere. The best shirt sets of the season soften up in the favorite warm-weather fabric of light, silky nylon—so the layering never looks bulky.

## Cool topping

This summer, casual dressing takes a fresh look at the sport shirt. Short-sleeved cotton tops like the one shown will play a vital role in every active wardrobe. Smart collar and pocket detailing add extra snap to this novelty top, giving it the special polish that fashion-savvy women want. Easy comfortable style without frills and fuss.

## Abortion: A woman's choice

Abortion is safe and legal in a clinic setting. The Portland Women's Health Center offers abortion services up to 16 weeks from the last menstrual period. The abortion procedure used up to 12 weeks is vacuum aspiration with minimal dilation. Dilation and Evacuation (an adaption of the suction method) is used for abortions 13 to 16 weeks. Abortions are performed with optional local anesthetic. Medicaid, insurance and major credit cards are accepted. Other referrals available. Call for further information.
