Revlon invents **FABU-LAXER**

WARNING: Follow directions carefully to avoid skin and scalp irritation, hair breakage and eye injury.

*The first no-lye relaxer system with double conditioning and exclusive color indicator*

Fabu-Laxer makes the fabulous difference! It's the no-lye hair relaxer that conditions your hair every step of the way - not only after relaxing, but during the actual relaxing process. You get conditioned hair that's soft, silky, and manageable. And there's more - the magic of our unique Color Indicator for uniform relaxing results. All you do is mix this activator with the relaxer cream and it turns a lovely peachy shade that tells you it's ready to apply. It's a Revlon exclusive!

Fabu-Laxer is endorsed by leading salons and professional stylists. It's the no-lye relaxer you can rely on. So when you're ready to relax, do it the professional way with Revlon!
