Revlon invents **FABU-LAXER**

WARNING: Follow directions carefully to avoid skin and scalp irritation, hair breakage and eye injury.

The first no-lye relaxer system with double conditioning and exclusive color indicator

Fabu-Laxer makes the fabulous difference. It's the no-lye hair relaxer that conditions your hair every step of the way - not only after relaxing, but during the actual relaxing process. You get conditioned hair that's soft, silky, and manageable.

And then, there's the magic of our unique Color Indicator for uniform relaxing results. All

you do is mix this activator with the relaxer cream. It turns a lively peachy shade that tells you it's ready to apply. It's a Revlon exclusive!

Fabu-Laxer is endorsed by leading salons and professional stylists. It's the no-lye relaxer you can rely on. So when you're ready to relax, do it the professional way with Revlon!
