I like Christmas because it means that Santa brings toys to us and he brings dolls to the girls and he brings some trucks to the boys and he brings rattles to babies to play with and keep them.

When we have Christmas each year the birds fly south because it is too cold for them to be in the snow and they can't find their food so that is why they fly south where it is not cold very much, and they build a house and decorate it with light bulbs and other Christmas things and when winter is over they come back.

I like about Christmas is having presents and toys and everything and I like playing in the snow and making snowmen and eating candy canes and eating good food and bake cookies, gingerbread and make all them good food and I like to decorate the Christmas tree and hang some balls and put a star on top of the Christmas tree.

I like winter because of the snow.  
My mother said if it rains I can go to my grandmother's house in the snow I can make a snowman in the rain. I can go in to the store.

Once there was three birds. They were decorating their house with lights and one bird was lazy. She never wanted to do anything, only the two little birds did everything. The lazy bird always tells them to get her food and water and the two little birds was mad at her. The lazy bird always laugh at the two little birds. The two little birds were mad. When it was Christmas Eve the lazy bird said you two birds have to get me a present. Then it was Christmas. Santa Claus gave the two little birds a present, and no present for the lazy bird because she didn't do nothing but just sit there.
