Selma,  
1965

"We are going to start a march on the ballot boxes by the thousands. We must be willing to go to jail by the thousands. We are not asking, we are demanding the ballot."

## LIVE IN DIGNITY

"The developed industrial nations of the world cannot remain secure islands of prosperity in a seething sea of poverty. The storm is rising against the privileged minority of the earth from which there is no shelter in isolation and armament. The storm will not abate until a just distribution of the fruits of the earth enables man everywhere to live in dignity and human decency."
