**ASSET/LIABILITY
MANAGER**

The Northwest's largest savings & loan serving four states with 80 branches and assets over \$3.4 billion, is now seeking qualified candidates to fill this newly created position of Asset & Liability Manager.

Will manage hedging activities of the association to include consistently monitoring assets/liabilities relationships and developing hedging strategies to reduce association exposure to asset/liability gaps. Will develop and implement an asset and liability tracking and reporting system and monitor results. Has additional responsibility for monitoring the Association's lending and savings budgets and assisting division heads in developing budgets which are consistent with the association's asset/liability goals. This position reports to Corporate Treasurer.

The successful candidate has had a minimum of 2 years experience in the financial futures markets and 3 years or more of experience in assets/liabilities management. Requires knowledge and experience with various hedging techniques such as options, interest rate swaps, short sales, etc. Business or accounting degree required. Experience in developing and using an asset/liability computer model is desirable.

Competitive benefit package. Salary based on experience. To reply send resume to:
