

"I wish the whole world had a present."

knew it was Santa. So I ran in my bed and went back out. I saw every move that he made. And I went back to bed. And Christmas morning, I was left with a lot of presents the next day.

Christmas
To share, and to give,
celebrating Jesus' birthday,
Decorating trees.

Christmas is a time for giving things to people you love and care for and giving presents to the people that you like. Like your mother and father and your sister and your brother and your aunt and your grandmother and your grandfather.

Soon bells will ring.
And sing Christmas.
No peeking at your present.
Try to guess your present.
And have a nice Christmas!

Christ is born on Christmas Day.

Have a happy day.
Ring, ring all the bells,
Is this you lucky Day?
Santa arrives on Christmas eve

This time we will leave cookies with milk
My favorite toy is a bike.
And when I wake up I will see toys
Santa will come down the chimney
God is love!

Love,

Chanika Branch

Soon bells will ring.
And on Christmas Eve he will come
Now on Christmas morning we come down and open our toys.

Till this day everyone enjoyed that day.
And have a good time and share thanks.
