

*"I want for my family to be happy."*

Dear Santa,  
Christmas is a time for love and good cheer, and at every Christmas all my relatives come over to my house. We all open presents and eat dinner. The best part I like is when my sister and I and all my cousins open the presents.

*Ronnie*

Dear Santa,  
How are you? I hope you are not sick. This Christmas I would like all of the kids to be happy and thankful for what they have. Christmas is a time for giving and being thankful.

*Tina Oyler*

Dear Santa,  
Christmas is a very nice time of year. Everybody gets presents. And we have lots of fun. And your family gets together. That's how come I like Christmas so much.

*Marcia Rivers*

I think winter time is real fun. The reason why I feel this way is because I like our two week break. We are going to go to our beach house. It's real fun down there because we can go out and be on the beach. We also are having a party down there.

We are also going to visit some friends that live in between Rainier and Astoria.

I like winter especially when it snows. At our house we always have a lot of fund when it snows. We always have a couple snowball fights.

It's fun trying to ride your bike in the snow. You are always slipping and sliding all over the place.

*Jennie Baker*

Dear Santa,  
For Christmas I would like mostly everything. I really want you to come and help me open my presents. I think Christmas is a time

for giving and sharing. I also think it's a time for opening presents and being thankful for this day.

*Ronetta Love*

This is a fun time when Christmas comes. It's fun when you get all of the presents from your mother and your father. Christmas is one of the best holidays in the whole year. It's fun to unwrap presents, because you get toys and games and other things. I'm glad we have Christmas, because of the things you get and other things.

*Lamonte Hollinquest*

Dear Santa,  
Have you had a nice day? You did, eh? Well when you come on Christmas Eve I'll be waiting for you. I'll be listening for the bells of your reindeer. I hope you put lots of presents under my tree. I know that you are real, aren't you? Well I got to go now, bye.

*Kory Murphy*

Dear Santa,  
My name is Miatoyria Ramny. I'm ten years old. I wish I could believe in you but I know you're just a man in a suit. I never told my little sister you weren't real because she believes you're real. I still want an Atari 5200 for Christmas. Even though you're not real thank you anyway.

*Miatoyria Ramny*

I like winter. I love the snow. We can do a lot in the snow. You can make a fort and have snowball fights. You can make snowmen. You can slide down a good hill for a mile. At least you can do it in Hermon, Maine. Out here we do not have any snow in the winter.

*Hanso Saucier*

Dear Santa,  
Christmas is a time where you give people presents and it is time to have a jolly time. This is also the time of year when it snows so you can make snowmen. This Christmas I want a new bike, new comics, and for my family to be happy.

*Joshua Hill*

DEAR SANTA,  
PLEASE BRING ME A ... BEACH BARBIE AND SWIMMING POOL
