**General Notice:**  
**1985 Development**  
**Providence Medical Center**

Providence Medical Center will be issuing plans and specifications to a selected list of contractors for the 1985 Development project now being designed by the architectural firm of Skidmore, Owings & Merrill of Portland.

This 1985 Development consists of a five level 151,000 addition to Providence Medical Center, 4805 NE Glisan Street, Portland, Oregon 97213. The brick clad concrete exterior walled structure has a steel frame, metal deck with concrete fill interior framing system. The building will include a variety of patient care/ancillary and support departments. The work also includes alterations and tie-ins into other surrounding structures.

The addition is designed to expand vertically, with the addition of three floors and a roof, in the future. The building has its own fan room utilizing steam from the existing central power plant and chilled water from the new chiller plant located in the existing Laundry Building.

**BIDDING:** The project will be separated into two phases, as follows:

**PHASE I:** This phase will be bid in July 1984, and will include the following work.

1. Demolition of the Research and Chapel building, the utility tunnel from the main Hospital to the Ambulatory Services building, plus areas of adjacent buildings involved in the project.
2. Excavation of the site down to the tunnel level floor elevation and adjacent areas affected.
3. Shoring will be required along the south side of the building site. Shoring may be required along the east and west sides of the site also. All shoring to be located and defined in the Bid Documents.
4. Underpinning of adjacent foundation per plans and specifications.

It is intended that Phase I will leave the site in a condition clearly defined and available for bidding Phase II.

**PHASE II:** Completion of the project as defined in the Bid Documents which will be available in Mid-September 1984, for bidding by the first week of November 1984.

**BIDDERS LIST:** A selected list of General Contractors will be issued plans and specifications for bidding both Phase I and Phase II. The list of approved Contractors will be selected after Prequalification by the Owner's Representative and Consultants. The selected list will include the General Contractors, Mechanical Contractors, Electrical Contractors, and other major Subcontractors required on the project.

**SELECTION PROCESS:** In order to be selected for the approved bidder list the General Contractor, Mechanical Contractor, Electrical Contractor, and major Subcontractors, must have had an office located in the Portland, Vancouver metropolitan area for at least the last five years.

Contractors interested should send a letter to Breedlove-McConnell Engineers requesting a Prequalification Questionnaire. The Prequalification Questionnaire required must be returned to Breedlove-McConnell Engineers, Inc., by no later than June 11, 1984. Any Prequalification received later than that date will not be included in the selection of the approved bidders.

Questions regarding the prequalification process are to be directed to Breedlove-McConnell Engineers, Inc. (222-6886) attention: Elden Breedlove or Ray Granning.
