

FACULTY POSITIONS -All Levels

Computer
Science
Department
University of
Lowell

Applications are encouraged for several tenure track positions at the Assistant, Associate and Full Professor ranks. Innovative candidates from all areas of Computer Science will be considered; sabbatical leave visitors are invited. Preference will be given to those with interest which coincide with active departmental research areas - DBMS, Software Engineering, Data Communications, Compiler Construction, Knowledge Based Systems or Robotics.

University of Lowell is a Massachusetts state university, located in the center of the world's minicomputer and electronics activity and the 128/495 high technology belt. We are within 15 miles of the corporate headquarters and R&D development centers for DG, DEC, WANG, PRIME, COMPUTERVISION, APOLLO, LEXIDATA, AUTOMATIX, . . . the Boston academic centers are within easy commuting distances. Faculty cooperative and exchange programs exist with a number of firms. Lowell is convenient to Boston and to all the cultural and recreational areas for which New England is famous. Our

undergraduate program has 700 students; M.S. and D.Sc. programs, strongly supported by the technology community, are in place. The department has dedicated VAX 11/780, 11/750, 11/730, PDP 11/44, Ridge 32, Symbolics 3600, 2 MV4000's and a variety of micros. Other currently installed University equipment include: CDC 2 CYBER 170-825's, VAX 11/780, MV8000, Computervision Designer V CAD/CAM system and a variety of mini and micro computers.

Applicants should hold Ph.D. or equivalent in Computer Science or a related discipline. ABD candidates with strong experience will be considered for junior level appointments. Please forward current vitae, statement of interests and recommendations to: Dr. Thomas M. Costello, Chairman, Computer Science Department, University of Lowell, Lowell, MA 01854, (617) 452-5000 Ext. 2389. The University of Lowell is an Equal Opportunity/Affirmative Action Title IX 504 Employer.

Energy Career Opportunities

Have you considered a career in energy, and if you have, with which company? I'll bet you can think of an Electric company or a Gas company. However, energy comes in other forms, such as transportation, communications, Water Bureau, Nuclear energy, Geo-Thermal energy (fuel from heat), and Hydro energy (fuel from water).

Career opportunities in the above fields are widespread and may be obtained at entry or professional levels. recruiting is done on a continuous basis for people experienced in Engineering, Computer Programming, and Data Processing, just to name a few.

If you are interested in the energy field, please contact Shelia Holden, President of AABE, at 238-2889 for additional information or assistance.
