And when we truly believe in the sacredness of human personality, we won't exploit people, we won't trample over people with the iron fist of oppression, we won't kill anybody."

— 1968

"The dream is one of equality of opportunity, of privilege and property widely distributed; a dream of a land where man will not take necessities from the many to give luxuries to the few; a dream of a land where men do not agree that the color of a man's skin determines the content of his character; a dream of a place where all our gifts and resources are held not for ourselves alone but as instruments of service for the rest of humanity; the dream of a country where every man will respect the dignity and worth of all human personality, and men will dare to live together as brothers. . . ."

—Martin Luther King, Jr., 1960

IT'S YOUR MOVE...

Give us your comments on our proposed rates.

The Bonneville Power Administration belongs to you, the public. Unless you make the move to participate in the new round of public rate hearings, you can't influence the mid-1985 rate adjustment.

Since the October hearings, we've made more cuts in projected costs. These cuts have trimmed to 3.2 percent the proposed increase in the "priority firm" rate. That's the rate utilities pay for BPA power to serve homes, farms, and many Northwest businesses and industries.

After July 1, no further BPA rate changes are planned until October 1987. Will the proposed rates cover all necessary costs during that period? Will they do the best job of dividing the benefits of the federal power system among Northwest electricity users?

Help us find the answers. Comment orally at a public hearing or in writing. Written comments must be received by 5 p.m. February 21, 1985. Send them to: BPA Public Involvement Office, P.O. Box 12999, Portland, Oregon 97212.

Remember. What you say counts.
