The program includes two African solos by Benny Bell and drumming by Abo Addy and Bruce Smith. The dancers are hoping this concert will bring them closer to their goal of securing a studio home-base. ## Plan shows

We at Rolls Royce Productions would like to introduce ourselves to the public. We will be working along with Better Entertainment Attractions Network (B.E.A.N.) in bringing entertainment to Portland, the Rose City, advertising and promoting new and local talent throughout the community.

Rolls Royce Productions have planned four shows that would be completed by October 1985. Our goals are to create community involvement as well as educate the youth organizations and to keep local musicians active around the community. We have decided that it is imperative for youths to realize what professional concept as well as cultural performance can provide in one's mind as a musician as well as in business.
