REQUEST FOR PROPOSAL

Value Engineering Review of the Preliminary Design and Engineering of a Bus Maintenance Facility and Operating Base for the Salem Area Mass Transit District

The Salem Area Mass Transit District is soliciting proposals from qualified consultants for a Value Engineer review of the District's proposed 60 bus maintenance facility and operating base. The District has just completed its Phase I and Phase II activities, involving site selection, master plan and programming, concept plan, site plan and preliminary design and engineering with cost estimates.

Sealed proposals will be received by the District until 4:00 PM, Pacific Standard Time (PST) on Wednesday, October 30, 1985, at the offices of the Salem Area Mass Transit District, 216 High Street NE, Salem, Oregon 97301-3669. Any proposal received after the date and time specified will be returned unopened to the proposer.

Detailed specifications and requirements of the proposal are available from the Salem Area Mass Transit District at the above address or by calling SAT at (503) 588-2686.

The project is being funded by a grant from the United States Department of Transportation, Urban Mass Transit Administration (UMTA) and is subject to the regulations of UMTA and the State of Oregon. The District is an Equal Opportunity Employer. Women's and Disadvantaged Business Enterprises are encouraged to submit proposals. Assistance in preparing proposals is available for eligible DBE and WBE firms.

The District reserves the right to accept any proposals, or reject all offers and resolicit or cancel their proposal, as deemed by the District to be in its best interests.

WANTED

QUALIFIED CONSULTING TEAM

The Oregon Transportation Commission, Association of Oregon Counties and League of Oregon Cities, by and through the Oregon State Highway Division, is seeking the services of a qualified consulting team or multidisciplinary consultant to conduct a study of Oregon's road needs and existing sources of revenue.

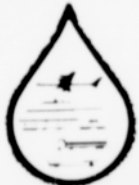

The study will include: Determination of existing and future needs for the modernization, preservation, and maintenance of Oregon public highway, road, and street systems; analysis of existing revenue sources and additional funding alternatives; and, preparation of a financial package that will provide for long term funding of improvements and maintenance to Oregon's State and Local road system.

It is the intent of this study that this financial package will serve as a vehicle that the 1987 Legislature can utilize to fund State and Local road programs through the year 2006.

If you are interested in making a proposal, Requests for Proposals can be obtained by calling or writing:

Tim H. Thex, Planning Analysis Engineer
325 13th St. N.E., Room 805
Salem, OR 97310, phone 378-3707
