

"I don't believe in special
privileges for the handicapped.
Why should I give to United Way?"

"Life doesn't come with any guarantees. I know that as well as anyone. I became a
victim of polio at the age of 26.

Nevertheless, I've refused to become a victim of pity. So I don't believe in special
privileges.

I do, however, believe in equal privileges. And so does my local United Way.

United Way agencies deal with the necessities of life
every day, and give those they serve an equal opportunity
to enjoy the true beauty of living.

By going to United Way, I am truly
helping others to rise above their
handicaps. And that strikes a high
note with this conductor."

GIVE. IT'S UPLIFTING.
