HAZARDOUS MATERIALS SECTION MANAGER \$2569-\$3283 Monthly

This position is with the State of Oregon, Dept. of Environmental Quality in Portland, Oregon.

The Hazardous Materials Manager manages the development and implementation of the Emergency Spill Response and Underground Storage Tank Programs. These statewide programs pertain to the investigation, containment, collection, removal and cleanup of petroleum and hazardous material and the financing of cleanup costs.

To qualify, you must have equivalent to a Bachelor's degree in environmental, physical or natural science, civil, chemical, mechanical engineering or closely related field and five years of skilled specialized experience in staff, technical, laboratory or field work dealing with an environmental program of which two years must have been in planning, organizing, directing or implementing special projects, assignments and studies or two years performing complex inspections or investigations of environmental issues; or five years of supervisory experience dealing with environmental programs; or five years experience in an environmental protection or control program which has included environmental data evaluation of environmental studies.

Please call DEQ Personnel at 229-5382 to ask for an application and announcement. Applications must be requested by February 7, 1986.
