

DATA PROCESSING

METHODS AND PROCEDURES ANALYST

Blue Cross & Blue Shield of Oregon is currently accepting applications for a Methods and Procedures Analyst.

Qualified applicants must have exper in definition, testing & implementation of data processing systems, preferably in the area of automated claims processing and/or health insurance systems. Strong oral & written communication skills are a must.

The Methods and Procedures Analyst participates in the design of data processing systems to insure that user departmental needs are satisfied. This includes

preparation and input of test data for acceptance testing, as well as supplying supporting documentation to user areas.

Blue Cross and Blue Shield of Oregon offers an excellent employee benefits package, flexible work hours, and competitive salary. Please apply or send resume to:
