### Janet Jackson Hits the Top With "Control" Album

Janet Jackson, the youngest member of the Jackson family is making a name for herself with her smash hit album "Control," reports the September EBONY.

The attractive 20-year-old began her career at the age of nine on a television show with her brothers. She later was cast in major roles on "Good Times," "Diff'rent Strokes," and "Fame."

Now all grown up, Janet has taken a dramatic turn. Janet talks about her new career, her marriage and divorce, and why it is important for her to change her image. "Everything does change. Nothing stays the same. This is my change. I'm becoming an adult," Janet says in the September EBONY.

### KEY LARGO PRESENTS

On September 10, Key Largo is privileged to present in a rare West Coast appearance SUN RA AND THE OMNIVERSE JET SET ARKESTRA. In a career that began in the '40s as pianist/arranger for the Fletcher Henderson Big Band, Sun Ra has consistently been in the forefront of musical innovation.

The OMNIVERSE JET SET ARKESTRA, a 14-piece band who play more than 20 instruments between them, have been known to begin their shows by parading en masse from the back of the house to the stage playing their instruments. They are equally adept at a number of styles ranging from the aforementioned Fletcher Henderson Big Band charts to the self-professed "Extra Terrestrial Aliens" critically acclaimed "Space Music."

Tony is particularly pleased they have decided to schedule their Portland appearance at Key Largo because, the last time they were here, they performed at his—by now—legendary "Luis La Bamba Club" to ecstatic audiences in two sold-out shows.

We hope you will join us for what we feel will be one of the most significant musical events of 1986.

And remember, "Space is the place."
