THIS BOOKLET CAN CHANGE THE WAY YOU PLAN TO PAY FOR COLLEGE.

THE G.I. BILL PLUS THE ARMY COLLEGE FUND CAN BE WORTH UP TO \$25,200 TOWARD YOUR COLLEGE EDUCATION

Here's how it works:

First you contribute to your education—\$100 per month for the first full 12 months of your enlistment. Then the government contributes—up to \$9600. That's the G.I. Bill. With the Army College Fund, you can add up to \$14,400 more! (See table below)

ENLISTMENT	THE G.I. BILL	THE G.I. BILL PLUS THE ARMY COLLEGE FUND
2 years	\$9,000	\$17,000
3 years	\$10,800	\$22,800
4 years	\$12,600	\$25,200

And the rewards of being a soldier go far beyond earning money for college. You'll also learn self-reliance, discipline, team-work and pride. So when you do get to college, you'll be able to get the most out of it.

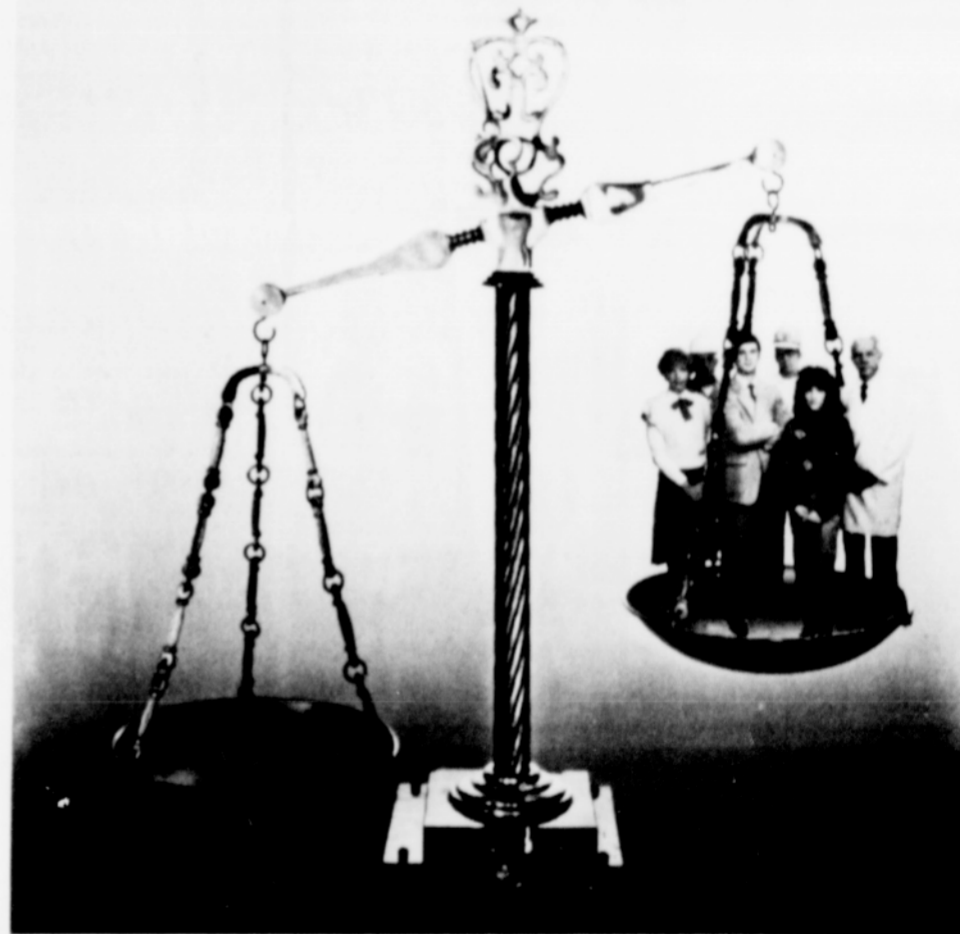

For more information about this program and how you can qualify for it, see your local Army Recruiter today. Or call toll free 1-800-USA-ARMY. You'll find out that paying for college through the Army pays off in more ways than one.

NOVEMBER 4TH

Is this all it takes to outweigh 1,300 Oregon jobs?

Teledyne Wah Chang Albany is more than zirconium, niobium and hafnium; it's people, too. When you sit in judgment over 1,300 workers, shouldn't you back up your decision with plenty of hard evidence? We're talking about 1,300 families in a state that is already too familiar with hard times.

State health and environmental experts, independent researchers and worker safety advocates all agree: Teledyne Wah Chang Albany's

waste materials pose no significant danger to people or the environment. They based their conclusions on a careful, impartial look at the facts. Ballot Measure 15 is unnecessary and uncalled for. Base your decision on the facts. **Vote no on Ballot Measure 15.**

*Ballot Measure 15:
not fair to people,
not fair to business,
not fair to Oregon.*
