

"Children Helping Children" Program To Collect Clothing For Needy Kids

A "Children Helping Children" clothing drive will be held from October 19 through November 16 in the Portland-Vancouver area.

Children can directly help children less fortunate than themselves through the drive.

"Children Helping Children" is a simple idea, according to its sponsors. In the Portland-Vancouver area, kids (or parents) can bring outgrown or unneeded clothing to any of 9 child care centers operated by Children's World, or to KGW Television. There will be clothing collection baskets inside the entrance at each location.

Once the baskets are filled, the clothing will be collected by Low Income Families Emergency (LIFE), a human service agency which op-

rates clothing and food banks and other programs serving Portland-Vancouver area families. LIFE will sort and display the clothing and provide it free for those in need.

Following are locations where clean and wearable clothing may be dropped off during business hours: Children's World locations: Beaverton: 18425 N.E. Walker Road, or 4845 S.W. Murray Blvd., or 12360 S.W. Pioneer Lane; Gresham: 3200 N.E. Hogan; Hillsboro: 1771 S.E. Minter Bridge Road; Rockwood: 840 N.E. 181st; Sunnyside: 10501 S.E. Sunnyside; Vancouver: 622 S.E. 117th Ave., or 10021 N.E. Hazel Dell Ave. KGW-TV location: Portland: 1501 S.W. Jefferson.

Social Security Numbers for Children Required in 1987

When you begin preparing your 1987 federal income tax return (due on April 15, 1988) you will find that social security numbers will be required for children claimed as dependents that are 5 years of age and older.

The year 1988 may seem a long way off, but applying for your child's social security number now will insure that you have it when needed, says Cal Williams, Multnomah County Extension agent. As more and more people become aware of this new regulation, the number of new social security accounts will increase considerably and processing time is apt to take longer.

There have been reports of a private business charging a fee of \$10 to furnish children with the

required social security number. There is no reason to pay \$10, Williams says. You can open your child's social security account yourself.

Social security accounts for children can be opened by mail or at a Social Security office. Call your nearest Social Security office for more information.

SICKLE CELL FOUNDATION OMITTED FROM UNITED WAY

The Portland Sickle Cell Anemia Foundation was inadvertently omitted from the United Way Combined Federal Campaign list for the second consecutive year. Federal employee contributors will see PSCAF on the CFC list, however, this account belongs to a San Francisco Agency and should not be confused with the Portland work. Supporters of the Portland PSCAF must write in the complete name and account number of PSCAF, which is 6731, on their checks or money orders in order to make certain that their contribution reaches our community. Last year monies contributed to the Portland Chapter were sent to San Francisco; however, Portland received a partial reimbursement this last October.

The United Way Development Fund which placed the PSCAF in the "Disease Prevention" category, and it is in a "low priority for the United Way funding." The write-ins last year, including the director's spouse for the PSCAF, went to other agencies because the PSCAF was rejected as a United Way agency, therefore, disqualifying them.

Supporters wishing to contribute to the PSCAF must send their checks or money order by direct mail to PSCAF. The PSCAF has supporting Board Members, such as Dr. Ernie Hartzog, Assistant Superintendent of Portland Public Schools, David Niero of Niero & Associates, Reverend John Sims of Portland Community College, Reverend John Jackson of Mt. Olivett Baptist Church, Ed Ritter of Pioneers of America, Ken Berry of Portland Public Schools, Reverend Joshua Phillips, Willie Mae Hart of the National Council of Negro Women, and several others. Norman Lindstedt is the Foundation's legal counsel.

Secondly, it is imperative for potential contributors to know that the Portland Sickle Cell Anemia Foundation on the United Way form is of no avail because the PSCAF was rejected by the United Way. There was a final decision by

attention!!!
