**Hey Good Lookin—  
Whatcha' Got Cookin'?**

Now that I have your attention, it's time to roll up your sleeves and haul out your cooking utensils because OMSI is giving you the chance to get cooking with the experts. Chemists from OMSI and chefs from the Western Culinary Institute will be cooking up some tantalizing demonstrations on weekends from January 24th through February 15th.

Ever wonder why your soufflé crashed or your bread dough expanded into the next county? Well, we'll have the answers for you! The chefs will whip up some amazing demonstrations: everything from poaching fish, braising meat, to putting a bit of Holland into hollandaise right here in the museum! Then OMSI explainers will get busy explaining the science behind the art of food preparation, while visitors sample the results.

Demonstrations will begin at 1:30 and 2:30 p.m. both Saturday and Sunday. For more information call OMSI at (503) 222-2828.
