

**GEOLOGIST 4
HYDROGEOLOGIST
\$2483-\$3158**

There are 2 openings with the Department of Environmental Quality in Portland. These positions serve as DEQ's statewide expert in determining the accuracy and adequacy of reports (normally prepared by consultants) describing hydrologic conditions (E.G., direction of groundwater movement, aquifer areal extent, groundwater quantity, quality and rate of movement) below hazardous waste facilities or sites and the monitoring program developed to detect any contamination.

To qualify, you must have equivalent to six years of progressively responsible experience in groundwater hydrogeology including 2 years of advanced technical assignments AND a BA Degree in Geological Science with course work in Hydrogeology OR 3 more years of responsible pertinent experience providing a knowledge of Hydrogeology. Graduate level coursework for up to one year of the required experience. Preference will be given to applicants with RCRA or Superfund experience.
