### 1987 Ebony Fashion Fair "Fashion Scandal"

The 29th Annual Ebony Fashion Fair will appear in Portland at the Red Lion Motor Inn, Jantzen Beach, on Friday, April 24, at 8:30 p.m. This famed traveling fashion show is produced by Ebony Magazine and is sponsored by Portland Chapter of Links, Inc. for the benefit of Link's Education Fund.

Mrs. Eunice W. Johnson, producer and director of the show, personally selects fashions from the exclusive collections of famed designers such as Halston, Stephen Burrows, Bill Blass, Christian Dior, Yves St. Laurent, Lavin, Chloe, Lancetti, Andre' Laug, Valentino, Tita Rossi and Missoni. Mrs. Johnson is meticulous and thorough in purchasing the most spectacular fashions available for Ebony Fashion Fair audiences.

More than 200 exquisite garments complete with the latest accessories, 10 female and 2 male models, commentator, music director, stage and business managers and wardrobe staff travel from coast to coast on a special chartered Greyhound bus. Because of the unprecedented demand for sponsorship of the show by charitable organizations around the country, Ebony Fashion Fair now tours two seasons — the east and midwest from September through December and the southwest from January through May — appearing in more than 177 cities.

Mrs. Clementyne Guy, general chairperson of the benefit performance indicates ticket sales are going exceptionally well and expects an even larger attendance than last year. Tickets may be purchased at Stevens & Son (Lloyd Center), Mrs. C's Wigs (707 N.E. Fremont), House of Sound (3606 N. Williams).

# Can You Be Too Emotional?

by Phil Gates

How many times has someone said to you, "Don't be so emotional"? Plenty, I'll bet, usually when you were angry or upset.

But did you know that anyone who has ever said this to you was also being emotional? While dictionaries define emotion as strong feeling, research has indicated that such moods as enthusiasm, cheerfulness, mild interest and conservatism are also emotions no matter how strongly or weakly felt.

One researcher points out, "A fully reasonable human displays the emotion called for, rationally, by the circumstances with which he is confronted in present time. Thus, is the present-time circumstance requires grief, a rational and reasonable person is apt to display grief. If the present-time situation demands anger, the rational human being will display anger."

"An aberrated person seldom displays the type of emotion rationally called for by any given circumstance."

Perhaps research even gives us a new meaning to the term "mis-emotional."

## At Least on Tuesdays Buy From Blacks Or Don't Buy At All

Whites support white businesses.  
Asians (yellows) support asian businesses.  
Whites and asians support each other.  
Blacks support white and asians.  
But whites and asians do not support Black businesses.

**IF BLACKS DO NOT SUPPORT BLACKS HOW CAN WE SURVIVE. SO AT LEAST ON TUESDAYS WE SHOULD BUY FROM BLACKS OR DON'T BUY AT ALL. THE STRUGGLE CONTINUES.**

We need this effort of buying from Blacks because it will benefit Blacks, but at the same time it will alert whites and yellows that we are not pleased with many things which are happening in this country and in South Africa.

**THIS IS A PRO-BLACK EFFORT.**

It is not anti-white (including American Jews).

It is not anti-asian (yellows in America).

But it is Pro-Black.

This Black effort will benefit Blacks but will alert whites and yellows that we are not pleased with the racism in this country. Whites, including the police and the administration, are not concerned about Black life whether it is in Howard Beach, New York or in Soweto, South Africa. Whites and yellows have decided that Blacks can not even walk in certain neighborhoods. Whites are acting out their racism, and yellows are adopting the racism of whites against Blacks. They are even suggesting that we are inferior and illiterate.

Israel and Japan and whites in America are supporting the white minorities in South Africa with our tax money. Our tax money should go directly to Blacks in Africa.

Whites have said they are trying to drive Blacks out of business, even out of businesses which produce products for Blacks.

White controlled media does such negative reporting on Blacks and internationally portrays negative images of Blacks. The media is also letting whites in South Africa determine what news Americans receive. BLACKS MUST RESPOND TO THESE NEGATIVE ACTS BY WHITES AND YELLOWS. BLACKS CAN RESPOND IN A WAY THAT WILL BENEFIT BLACKS AND WILL ALERT WHITES AND YELLOWS THAT WE DO NOT LIKE THEIR ACTIONS.

**BLACKS MUST BUY FROM BLACKS OR NOT BUY AT ALL ON TUESDAYS. WE SHOULD ALL BEGIN BY TUESDAY, MAY 19, 1987.**

but if you want to start earlier, go right ahead. BUY FROM BLACKS AT LEAST ON TUESDAYS OR DON'T BUY AT ALL. Later we can consider extending the number of days if conditions do not change.

**SOME SUGGESTIONS ON WHAT YOU SHOULD DO WITH YOUR MONEY AT LEAST ON TUESDAYS**

Start your own account at a Black Bank, Black Savings & Loan, or Black Insurance company, etc. Buy from Black businesses at least on Tuesdays or don't buy at all. Support the hard working Black local groups, organizations, institutions. Send a contribution and buy a membership in UNCF, SCLC, PUSH, NUL, NAACP (Hdqs. Baltimore), BUF, UBF, TRANSAFRICA, etc. Buy from Black book, magazine and newspaper publishers. Support Black owned radio and TV stations and networks, and Black Music. Support Blacks producing Black programs and movies. Support Black candidates. Black businesses should buy from Black businesses and hire Blacks. No lotteries. No numbers. If you do not like one Black business go to another Black business or group. Do not support a Black front business if you are not sure hold on to your money until you know for sure. Get a receipt.

**BUY BLACK.**

Get together an form new Black businesses.

**“If it hadn't been for the phone company, I'd probably still be playing piano at Hazel's Morning Glory Bar.”**

“I was always pretty fair at making tunes up. But I never knew much about writing tunes down.”

“Which could have been the destruction of my career.”

“See, back in '27—or maybe it was '28—the old Hoot Wilson Orchestra must have heard about me. I got a letter asking if I'd send them some sheet music of my best songs.”

“Sheet music? Man, I didn't know what to do. See, that was back before they had tape recorders and all that jazz.”

“But, fortunately, they'd just put in the long distance phone lines. So I called Hoot, all the way to Chicago, and played 'Downtown Rambler' right over the phone for him.”

“And the rest, as they say, is history. Just like Hazel's.”

“Of course, nowadays, the young guys tell me they have a computer they just plug into the keyboard. You play a little riff and it comes out anywhere they have a phone—all printed up. Sheet music.”

“And when the time comes, I expect the phone company'll have something worked up I can use when I'm composin' on a harp.”
