SEPTEMBER GRANT HIGH GOLDEN REUNION SCHEDULED

A Grant High School "Golden Years Reunion" has been scheduled for Saturday, September 19, 1987 at the Lloyd Center Red Lion, according to Frank Chown, Chairman.

The classes of June '36, January '37, June '37, January '38 and June featured. Activities include: registration and a no host cocktail party at 5 p.m., dinner at seven followed by dancing to the live music of the Johnny Callahan, Babe Binford, big band era.

A picnic at Grant High School park is scheduled the next day, 11a.m.-4p.m., Sunday, September 20. Registration including dinner is \$30 per person. Husbands, wives and guests are invited.

For further information contact Jane Merriman Gilpin, 11144 SW Collina Ave., Portland OR 97129, Phone 636-5080.

Over 500 friends and well-wishers were on hand Sunday to show their appreciation for Rev. and Mrs. John Jackson at a reception held at the Red Lion. One of the many gifts Jackson received was a framed photograph of he and Ron Herndon being arrested during

protest against the Honorary So. African Cousul in Portland. The photograph, a gift from the Oregon Rainbow Coalition, was presented by co-chairs Beverly Stein (L) and Maccéo Pettis (R).

Pastor/Revival Speaker

It' — Revival — Time

The pastor and people of Morning Star Baptist Church will once again be in revival. The theme for this season's revival is, "Why Do We Need Revivals?" (Psalm 85:6) They are a vital and necessary experience in the life of the believer. They uplift us so that we might rejoice in the God of our salvation.

The entire community is invited to come and share in this season's revival. Our own pastor, Dr. T.L. Lewis will be the speaker each night, August 31st through September 4th (Monday through Friday), 7 p.m. each night. Bus ministry and nursery facilities available. The church is located at 106 N.E. Ivy. 281-4925.

Tips of Maintaining Your Dentures

Are you one of the 50 million Americans who wear dentures? Or do you care for an elderly or handicapped person who cannot maintain his or her own dentures? If the answer is yes to either question, you should know that denture wearers should have annual check ups by their dentist.

Because the denture is a prosthetic device (an artificial replacement of a missing part), and is subject to pressure, there are minute changes being made in the denture and also in the surrounding tissues of the mouth.

Remember when you first received your denture, how snugly both the uppers and lowers felt? After awhile, perhaps months or years, the dentures became loose or the gums shrink. The looseness occurs in the supporting bone (ridges) beneath the plates.

If you are experiencing soreness, cheek biting, clacking sounds, difficulty swallowing and talking, or problems in chewing, you need to consult your dentist to see if your dentures are structurally sound, and what adaptations are necessary.

Some patients attempt to repair their own dentures by purchasing kits in the drug store. My advice is: Don't. You may further damage the dentures and alter their proper fit. Let a professional examine your dentures and, at the same time, look for oral cancer or diseases of the lips, mouth, and throat.

Ill-fitting dentures can distort one's face, causing wrinkles at the corners of the mouth, and loss of distance of face length, giving one a witch-like profile. Because I like to see my patients happy and comfortable with broad smiles reflecting their contentment, I recommend regular denture maintenance.
