FACILITIES ENGINEER

The Port of Portland has immediate need for a Port Facilities Engineer. In addition to offering a variety of problem-solving situations for aviation related projects, this position also provides the opportunity to work as part of the Port Engineering Services team with professional growth, development and advancement potential.

Preferred qualifications include a Bachelors degree in engineering and demonstrated experience in port or industrial facility and equipment related design, construction and maintenance. Also preferred is a good working knowledge of basic engineering skills with specialization in one or more of the following engineering disciplines: electrical, mechanical, civil or structural. In addition, the ability to effectively communicate technical solutions and recommendations to non-technical facility operations personnel is essential.

Application materials may be obtained at the:

**Port Employment Office
700 N.E. Multnomah
12th Floor
or by calling
231-5000, ext. 700**

This position will remain open until sufficient applications are received.
