

# THE DAILY GAME IS THE PLAYER'S CHOICE

**W**hen basketball was my game, I found that when I picked my shot, the ball would go in. Nothing's changed. These days I'm playing an exciting new game. The Daily Game. And I'm still using the same strategy. I'm picking my shot. You'll like the Daily Game. You make the choices, and you choose the odds. The action's hot because you pick your shot.

**IT'S SIMPLE. IT'S EASY.** Just look for the Lotto sign and ask your retailer for a Daily Game play slip. Pick a number between 000 and 999 then choose your shot by picking a spot on this easy-to-use play slip.

**CHECK OUT THIS ACTION.** The Daily Game is the Player's Choice because you call your own shots. You choose the odds.

Play the Daily Game with NBA 3-Point Champ Downtown Freddy Brown.

For instance, the Straight Play is a longer shot that pays off high. The Box Play and the combination Straight/Box Play are better percentage shots. Your \$1 bet wins \$500, \$330, \$160, \$80, \$50 or \$40, depending on how you play. It's quick, it's easy.

And if you're feeling lucky, you can play more and win more.

**TAKE IT FROM FREDDY.** If you need more coaching, just talk to your retailers. They know the plays. Pick up my official playbook and tell them Freddy sent you.

Must be 18 or older to play. Odds of winning vary from 1:100 to 1:1000.

## Measure your rent against this chart:

No matter how you stack it, renting simply can't measure up to the advantages of buying a HUD home.

Because HUD offers homes with a low 3% down payment. FHA Mortgage Insurance. And the investment opportunity of buying property that's priced to be an outstanding value.

Plus, consider this: Over 12 year's time, \$350 in monthly rent adds up to more than \$50,000. Many HUD homes cost less.

You'll discover that owning your own home isn't such a tall order after all.
