

# A MESSAGE TO THE PEOPLE OF OREGON FROM DR. LENORA B. FULANI INDEPENDENT PRESIDENTIAL CANDIDATE

DR. LENORA FULANI

**Dear Sisters and Brothers:**

Reverend Jesse Jackson's success within the Democratic Party indicates the power that we, the African-American people, have to provide leadership to all people struggling for progressive social change.

To make the most of this opportunity we need to understand that "Two Roads Are Better Than One." While we support Reverend Jackson in every way we can, we must be prepared to go a second road, the independent road, if Jackson is denied the nomination. That's why I'm running as an independent candidate for President of the United States.

In January I became the first African-American woman ever to qualify for federal matching funds. I plan to be on the ballot in all 50 states and the District of Columbia in November. And everywhere I go I find that poor and working people, farmers, environmentalists and students support my plan for Rainbow empowerment.

To make the "Two Roads Are Better Than One" plan a reality, I need your help. To appear on the ballot here, an independent Presidential candidate must hold a nominating convention of a thousand registered voters by August 30, 1988. Will you support my right to be on the ballot so that the voters of Oregon can have a choice in November?

**Call 1-800-458-1215.**

**Yours for the Rainbow,**

*Lenora B. Fulani*
