Measure your rent against this chart:

No matter how you stack it, renting simply can't measure up to the advantages of buying a HUD home.

Because HUD offers homes with a low 3% down payment. FHA Mortgage Insurance. And the investment opportunity of buying property that's priced to be an outstanding value.

Plus, consider this: Over 12 year's time, \$350 in monthly rent adds up to more than \$50,000. Many HUD homes cost less.

To find out more, check our ad in the real estate classified section of your Friday or Sunday Oregonian. Or call your real estate agent.

You'll discover that owning your own home isn't such a tall order after all.
