

We're not just a phone anymore.

For years, you've known us as Mountain Bell, Northwestern Bell and Pacific Northwest Bell.

Today, we're much more than the phone company.

We're U S WEST Communications, helping you communicate with the widest choice of telecommunications products and services.

We're U S WEST Cellular and U S WEST Paging, offering a full range of mobile communications products and services.

We're U S WEST Financial Services, providing corporate financing and asset-based lending around the world.

We're U S WEST International, U S WEST Network Systems, U S WEST Knowledge Engineering, and other companies providing equipment and software for the business telecommunications user.

U S WEST is many kinds of businesses, many kinds of people, and many kinds of dreams. But throughout, our vision remains the same. We will continue to build on the heritage of our Bell companies to pioneer new ways to help you communicate more effectively.

The strong values, sense of caring, and spirit of innovation we believed in at the turn of the century, we still believe today.

We're not just a phone anymore.

U S WEST Communications is pioneering new ways to keep the people of the West well-connected.

U S WEST Direct helps businesses across 14 states reach 11 million households.

U S WEST Paging is now supplying personal paging systems in 10 western states.

Census Bureau To Collect Data Here

Census Bureau interviewers are visiting area residents to collect data on how people spend their money, according to Leo C. Schilling, director of the bureau's Seattle regional office.

The information collected in the Consumer Expenditure Survey is used by the Bureau of Labor Statistics to update the market basket of goods and services which contributes to the Consumer Price Index.

In addition to their CPI applications, consumer expenditure data are used for many research projects. The following graph is based on a recent BLS report for the Consumer Expenditure Survey.

The graph shows that the share of the consumer's dollar spent on food dropped almost 5 percent from 1980 to 1986. At the same time expenses for vehicles increased. Expenses for gas and motor oil decreased partly because of the reduced cost of these items since 1980. The share of expenses for housing and insurance increased slightly.

Information collected in the Consumer Expenditure Survey is confidential by law. Interviewers will present Census Bureau identification.

The Census Bureau will collect data on employment and unemployment from area residents the week of January 15-21, according to Leo C. Schilling, director of the bureau's Seattle regional office.

The local data will contribute to January's national labor force picture to be released February 3 by the Bureau of Labor Statistics. The data for November 1988 showed a national civilian unemployment rate of 5.4 percent. This means that 6.6 million workers out of a labor force of 122.6 million did not have jobs.

AT OUR NEW SENTRY, WE'RE JUST YOUR SIZE.

The new Sentry Market is big enough to have everything you need, and small enough to fit right into the community. While the giant chain grocery stores are moving out of the area, we're here to stay. So come see how we measure up as a new neighbor.

Buy a HUD home in a hurry with Express Bid!

Our tremendously successful Express Bid program makes the process of bidding for and buying a HUD home faster and easier than ever. That's because now when you bid full price* or better on any HUD home, that bid will be opened at our daily (Tues.-Fri.) 2:30 p.m. bid opening.

Express Bids end the usual 10-day wait, speeding up decisions on every full price or better bid submitted. (If more than one Express Bid arrives for the same property at the same bid opening, the highest net bid gets accepted.)

So if you're looking for a real home-buying bargain, and you're in a real hurry, then ask your real estate agent to Express your bid on a HUD home. It's another great reason to go with The Home Team® advantage!

For a listing of HUD homes available now, check the real estate classified section of the Friday or Sunday Oregonian.

*A minimum full price bid is list price less a maximum 6% broker commission and a maximum 3% closing cost paid by HUD if requested.
