Serving the Community with Pride

We give you time to compete.

It's Bid Day—for a contract that can profit a small business in a Big Way. One of these people took the time to call U S WEST Communications. And, we gave her time to compete.

She used U S WEST Regional Calling Services to test the new market. Like her U S WEST WATS line, which let her complete a telephone survey of potential customers—affordably. Suppliers in nearby communities were happy to fax their bids to her on her FAX Line with a U S WEST 800 Number, because it was toll free. He couldn't even find time to think about it.

After the potential client called with last minute details, she called her attorney and suppliers to tie up loose ends. She has Conference Calling with U S WEST's Centron service. The client couldn't reach him. But then, he doesn't have Call Waiting.

She has Call Hold, Call Transfer, and separate lines for sales, service and suppliers... which gave her time to write the proposal and still add finishing touches with computer graphics. He didn't even have time to sleep before today's presentation.

Now her small business has time to compete for big business. You can, too. Just call U S WEST Communications at 1-800-792-0800 today and ask for our free booklet, "Big Ideas for Small Business."

You can compete for big business. It's just a matter of time with U S WEST.

USWEST COMMUNICATIONS  
Making the most of your time.
