"Key Resource"

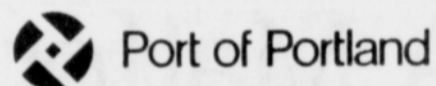

That's what our employees are to us. And that's exactly what it says in our book of values.

"We recognize employees are the Port's key resource."

That's why we believe in equal opportunity employment. We are committed to giving all our employees an environment in which everyone can contribute and develop to the fullest extent possible.

Because we believe our shipyard, our marine terminals, our airport and our industrial parks are nothing without the people behind them.

We're proud of our people. And we know that each of them is proud of the work they do for the community.

THESE FOLKS CAN CURE YOUR JOB HUNTING JITTERS

Pictured from left to right, Debbie Martin, Christina Cain, Sue Parr, David Nemo, and Spence Benfield

Uptight. Fear of the unknown. That's probably how you feel when you answer a help wanted ad. You haven't any idea who'll be on the other end of the phone, reading your resumé or sitting down with you in an interview.

Job hunting can give the jitters to anyone. We've all been there and remember how it feels.

We do a lot of "Help Wanted" advertising in this paper. So, we thought it might be nice to introduce you to the folks at PDC who are on the other end of those ads. It might not completely cure your job hunting jitters. But, at least you'll know we care.

EMPLOYERS DON'T NEED TO ADVERTISE FOR QUALIFIED JOB APPLICANTS

Smart employers choose from qualified high school students enrolled in Portland School District's career and technical education classes.

Our students are young and ready to learn and earn.

They have the basic skills you demand and want the chance to train from the ground up.

Call the Cooperative Work Experience Program at 280-5858 to find qualified, entry-level employees for your business.

Dropping out of high school really limited my choices

Yes, you can change your life. And The Private Industry Council can help!

"I wanted to get ahead in life, but I didn't know where to start. It's almost impossible to get a good job without a high school diploma, so I was in rough shape. The Private Industry Council helped me when I thought no one else could. They helped me get my GED and a job, but most of all they helped me find my self respect. Don't wait until it's too late. Call The Private Industry Council today."
