PURCHASING SECTION

## CITY OF PORTLAND REQUEST FOR PROPOSALS

HAYDEN ISLAND FACILITY PLAN  
Proposals Due 10:00 A.M., Nov. 17, 1989

The Bureau of Environmental Services is requesting proposals for a facilities plan of the sanitary and storm sewer systems for Hayden Island.

There are some existing sewers of various types of material and condition on the island. The facilities planning services will, in general, involve the following work.

- 1.) Development of alternative methods of servicing the entire area and ranking alternatives for the system through cost-effective analysis.
- 2.) Determine basin boundaries and establish sewer line layout for the selected plan showing pipe sizes and pump stations that will provide service to the entire area utilizing to the extent possible the existing system.
- 3.) Define environmental characteristics. Identify direct and indirect impacts of the project on the area and measures of mitigation if necessary.
- 4.) Develop a drainage plan for the area incorporating the existing system where possible and addressing proposed EPA regulations for storm water discharge.

The Bureau of Environmental Services requests statements of qualifications from consulting engineers with expertise in the above service areas. This request is not an offer, but a request for qualification statements. From the submittals the bureau will select 3 or 4 firms for interviews for the project.

Interested consulting engineering firms should contact the Bureau of Environmental Services, 1120 S.W. 5th Avenue, Portland, Oregon 97204. A copy of the Request for Proposal can be obtained by writing or calling M. Campbell (503) 796-7005.

Written proposals/statements of qualifications shall be submitted by 10:00 A.M., November 17, 1989 for consideration.
