THE OPPORTUNITY

Portland State University is one of eight colleges and universities within the Oregon State System of Higher Education. Recent developments at Portland State University and in the surrounding community make this a time of particular challenge and opportunity. As Oregon's economic and population center and as a gateway to the Pacific Rim, Portland plays an important role in this process for the region. The Portland area is also the main cultural center of the state, with a flourishing artistic, theatrical, and musical life.

To assure full consideration nominations and applications should be received by January 22, 1990.

All inquiries and nominations should be addressed to:
