Herb Alpert

Musician, Composer, Label Visionary, Artist Entrepreneur and Jazz Afficionado Herb Alpert is many things to many people, but he's always been true to himself. Now that honesty and vision have resulted in one of the most innovative and exciting albums of his career. And that's a career that includes seven Grammy awards, 15 Platinum albums and nearly 75 million records sold worldwide - all for the label he co-founded and nurtured. From the days when his Herb & The TJB were butting heads with the best of the British Invasion for chart space, Herb has never stopped moving; his music has never stopped evolving.

The new album is NORTH ON SOUTH ST. It's a dance album. It's unlike anything Herb has ever attempted before.

Native Portlander Provides Positive Model for Youth

by Tony Washington

Arnold Pitre, a native Portlander, works as the field operations manager for S. Brooks and Associates Corporation, Handyworker Division.

Arnold and his wife Judi have four sons, and are concerned about the plight of today's youth in our society and in our communities.

Pitre says "Too much emphasis is placed on youth activities that go contrary to the law. The commercialism and hype concern the gang activities, drug problems etc. sends negative

messages to our youth. Very often our youngsters are merely emulating the behavior they view on the movie screen, the television programs, or what they read in the newspaper. They are receiving the wrong messages. They need to see more positive behavior by their peers."

Pitre's intention and aim is to provide a means for young people to demonstrate and showcase their positive capabilities, to "PUSH THE POSITIVE."
