

Kid TALK

I would like to be an accountant when I grow up because it deals with some of my favorite things like math and people. This job will accomplish my dreams such as working with people and buying my dreams, like cars and a house. And that this job would be a great experience. I know that when I get to my adulthood, this type of job would help me meet new people and improve my math skills.

When I Grow Up I Want To Be...

Future Goals of Students at Holy Redeemer Area School
Next Week: Trinity Lutheran Grade School

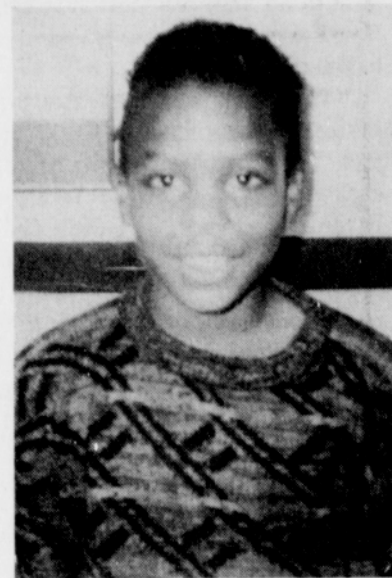

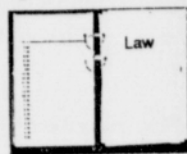

When I grow up, I want to be a Montessori school teacher. My mother first told me about Montessori schools and I thought it was really neat. I like working with little children. I also think that teaching very young kids is important because it determines how kids will learn for the rest of their lives.

Michelle Burch

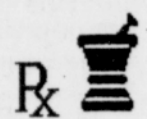

When I grow up I want to be a prosecuting attorney because I always wanted to be one. I feel that I will make a good one because I like to ask a lot of questions. Another reason is because I always wanted to be in a courthouse and I would like to find out if a criminal is guilty. I like to work with other people and I like to defend people. I like to work with the police.

Charles Fitz

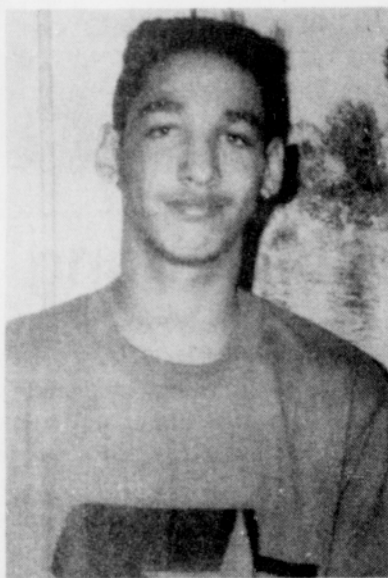

When I grow up, I would like to have a career in the medical field, preferably a pediatric nurse. I've always enjoyed helping and working with children and been interested in medicine. I can make a difference by helping people with health problems.

Dawn Liu

When I grow up I would like to be a judge. I love to work with people and helping them with their problems. I feel that I could make the right decisions for people when they're on trial and I also feel that by my decisions I could make this world a better place.

Heidi Turner

When I get older and can pursue a career I would like to be a Vet. The reason I want to be a vet is because I love animals and love to help people's pets. The skills I would need for this job would be patience, understanding, loving and caring for animals. I love animals for a long time, I always wanted to be a Vet for reasons of I healed cats and birds in my apartment complex when I was 8 years old. I feel I would make a difference in animals lives.

David L. Savage

When I grow up I want to be a pitcher in the major leagues for the Oakland A's, or for The Chicago White Sox. I want to be a pitcher because I want to contribute to the major leagues records and statistics. One of my goals is to make it to the Baseball Hall of Fame.

Sincerely,
Ryan Spaise

Laugh all the way to the bank
this Saturday.

And all the way home, too.

Saturday Loan Sale. Let's face it. Until now, going to the bank for a loan hasn't exactly been a laughing matter. A lot of banks are charging high rates. But this Saturday, we're changing all that. Because we're offering the best loan deal in the state.*

Say you're interested in buying a car, boat or RV. Just have your loan payments automatically deducted from a Security Pacific checking account, and you'll receive 8.79% APR when you qualify.

You can also get 9.36% APR when you get a home equity loan with automatic deductions from your checking account.

And to top it off, you'll pay absolutely no loan fees or closing costs.**

So don't miss out. This deal is good only this Saturday, October 26. So come in between 9am - 1pm. Or call 1-800-551-FAST.

However you do it, just do it this Saturday. Because he who laughs first, laughs last.
