

Dear Readers,

It's my pleasure to introduce to you the new and informative, MetroMotion magazine. MetroMotion is a monthly magazine which will focus on the Portland metropolitan area, with articles concerning important local and national current events.

The main objective of MetroMotion is to give our readership a direct and positive means to current issues. There is a need for all communities to try to unite and overcome the problems of our society today. MetroMotion will be a positive tool in resolving and evaluating issues. It will also contain sports, entertainment, youth activities, careers, religion and small business news.

MetroMotion is designed to be simple and direct. Easy to read material is imperative in order to reach as many of our readers as possible. Our audience can look forward to genuine stories, and controversial issues, as well as information to educate and motivate our readers. Regardless of class or lifestyle, our readers will be able to relate to MetroMotion.

*Sincerely,
Tony R. Washington
