Notice of Opportunity for Public Hearing

Notice is hereby given that upon request by any interested person a public hearing will be held by the Tri-County Metropolitan Transportation District of Oregon (Tri-Met) at 3:30 p.m., Wednesday, March 25, 1992, at the Portland Building, 1120 S.W. 5th Ave., Second Floor, Meeting Room C, for the purpose of considering projects for which federal assistance under Section 3 of the Urban Mass Transportation Act of 1964, as amended, is being sought. Anyone interested in requesting that this hearing be convened should contact Cynthia Weston, Tri-Met, Public Services Division, by phone at 503-238-4920, or in writing at 4012 S.E. 17th Ave., Portland, OR 97202 by Wednesday, March 11, 1992.

Following are the proposed projects:

	Total	Federal
Purchase of 250 Passenger Shelters	799,670	639,736
Purchase of 8 Alternative Fuel Buses	1,996,430	1,597,144
N. Transit Mall Extension, Construction	6,465,000	5,172,000
	\$9,261,100	\$7,408,880

Passenger Shelters -- Tri-met intends to purchase approximately 250 passenger shelters to replace shelters which are over 14 years old.

8 Alternative Fuel 40' Buses -- Tri-Met intends to procure 8 40' lift-equipped, alternative fuel (natural gas) buses as replacement vehicles to modernize its fleet. Vehicles will meet all applicable Federal and State emission, noise, and Americans with Disabilities regulations. A portion of this budget will be used for deliveries, spare parts, vehicle markings and application, on-site inspection, radio equipment, and contingencies.

N. Transit Mall Extension, Construction -- Tri-Met, in conjunction with the Portland Development Commission and the City of Portland, proposes to extend the Transit Mall north from West Burnside Street to Union Station. The project would reconstruct sixteen blocks on N.W. Fifth and Sixth Avenues, between, and including, West Burnside and N.W. Irving Streets.

On the affected streets (except N.W. Irving between N.W. Sixth and Broadway) the sidewalks would be widened and the roadways narrowed. The right-hand travel lane would be reserved for transit vehicles only, and the left lane would be for buses and general traffic. On-street parking would be eliminated. Transit amenities would be provided, including one passenger shelter per block, benches and street trees. Materials and finishes would closely resemble the existing Transit Mall.

No persons, families or businesses will be displaced by these projects.

These projects are in conformance with comprehensive land use and transportation planning in the area and will be programmed in the Transportation Improvement Program.

A statement of Tri-Met's charter bus service is available for inspection at the Tri-Met Administration offices.

Tri-Met will not be engaging in school business operations.

Private transportation enterprise will not be directly affected by these projects.

These projects are currently under review by the state clearing-house.

At the hearing, Tri-Met will afford opportunity for interested persons or agencies to be heard with respect to the social, economic and environmental aspects of the projects.

A person requesting an interpreter for the hearing impaired shall give Tri-Met at least 48 hours notice of the request by contacting Tri-Met at 238-4952 or TDD 238-5811, Monday through Friday, 8:30 a.m. to 4:30 p.m.

A copy of the grant application for the proposed projects, an environmental assessment and a transit development plan for the area are available for public inspection at Tri-Met, Public Services Division, 4012 S.E. 17th Ave., Portland, OR 97202.
