Data Analyst

The strategic information plan at Eugene Water & Electric Board calls for managing information as a corporate resource. The primary responsibility area for the Data Analyst, a newly created position will be data management.

The Data Analyst will participate in the development of project function and data models and be responsible for integrating them into the Corporate business model. The position serves as the focal point for the creation of data bases by developing appropriate standards; coordinating data base designs; and providing training and support to developers implementing data-driven applications. The successful candidate will be knowledgeable in function and data modelling techniques (preferable IDEF), relational data base design techniques, data administration and security concepts, and be a strong advocate for data-driven systems development methods.

Requirements: Four years of progressively responsible experience with application systems utilizing relational data bases, a four-year degree in business management or related subject, training and experience in function and data modelling techniques, excellent verbal and written communication skills.

Preferred: Utility industry experience, working knowledge of distributed systems.

Salary: \$37,502-\$48,464 annually. To apply contact: Eugene Water & Electric Board, ATTN: Human Resource Department, P.O. Box 10148, 500 E. 4th Ave., Eugene, OR 97440 or (503) 484-2411 ext., 3012. Resumes must be received by August 7, 1992 at 5:00 p.m. Equal Opportunity Employer
