## George Bush And Iran-Contra: It's Time To Come Clean

It is time for George Bush to come clean with the American people. He has refused to tell us the truth about his involvement in the sale of arms to Iran in exchange for the release of hostages.

Time after time, the Bush administration secretly deals with dictators and terrorists -- to the detriment of U.S. interests. Then, when the policy blows up or is found out, Bush and his cronies deny their involvement and try to cover up. When it comes to the Iran-Contra scandal, Bush's flat denials are refuted by the cold, hard facts.

Bush said he was "out of the loop" on arms sales to Iran. He even said he didn't know it was an arms-for-hostages deal until he was told by a U.S. Senator in December, 1986.

In fact, a top NSC official, Howard Teischer, says that he twice briefed Bush on the details of the scheme. And according to the Washington Post, Bush attended "several dozen" daily Presidential national security briefings where the arms for hostages deal was discussed. He was at the meeting where Reagan authorized direct arms sales. He even attended a meeting that prosecutors believed was a cover-up planning session.

Bush said he was unaware of Defense Secretary Caspar Weinberger and Secretary of State George Shultz's objections to an arms for hostages swap. Had he known, he

says now, "maybe I would have had a stronger view."

In fact, prosecutors have a memo proving that Bush was at a January 1986 meeting where Weinberger argued strongly against arm sales. And according to notes dictated by Shultz about a conversation with Weinberger, "Cap called me and said that's terrible. [Bush] was on the other side. It's on the record. Why did he say that?"

Bush said a key meeting with a top Israeli barely touched on the arms-for-hostages plan.

In fact, a still-classified Israeli report obtained by U.S. News and World Report proves that Bush not only knew of the deal, but played a critical role in ensuring that the arms shipments to Iran were continued. On July 29, 1986, Bush was briefed specifically on the anticipated release of three U.S. hostages in Iran one day before President Reagan agreed to ship parts for 240 Hawk missiles to Iran.

These contradictions demand a full response and a complete explanation.

Why does bush continue to tell a story that is refuted by every new piece of evidence? What is the President hiding from the American people? Why won't he tell the truth, the whole truth and nothing but the truth? What did George Bush know and when did he know it? It's time for George Bush to come clean on Iran Contra.

## Former Republican Oregon State Treasurer & Secretary Of State Clay Myers Endorses Bill Clinton For President

Former Republican Oregon State Treasurer and Secretary of State Clay Myers today endorsed Bill Clinton for President

"After 12 years of voodoo economics and the three trillion dollar increase in the national debt has almost bankrupted America," stated Myers, "The future calls for Bill Clinton."

"I am one who had admired George Bush. I served on Bush's steering committee in 1979-80 and in 1988. But in 1992, I must support Bill Clinton.

"In Arkansas, Bill Clinton has addressed the same domestic issues that we face as a nation - jobs creation, education reform - we need to do na-

tionally what Bill Clinton has done in Arkansas.

"The issue today is jobs. Bill Clinton is the candidate to best work with the new Congress In January of 1993," stated Myers.

Myers, who has been elected four times to statewide office in Oregon, has been a delegate to Republican National Convention four times, was the Oregon Public Relations Chairman, Nixon-Lodge, and served as the National Vice Chairman of Young Republicans.

For more information, Clay Myers can be reached at 503/241-1109 or call Rhys Scholes, Clinton/Gore, 503/224-1992.

## Measure 9 Legalizes Discrimination Vote No On Measure 9

1) Measure 9 would AMEND THE STATE CONSTITUTION TO LEGALIZE DISCRIMINATION. It could be used as an excuse to fire people, deny people public accommodations, deny housing, or refuse to hire someone. VOTE NO ON 9.

2) Measure 9 would REESTABLISH A PRECEDENT FOR JIM CROW TYPE LAWS with gays and lesbians as the first targets. Who do you think would be next? VOTE NO ON 9.

3) AFRICAN-AMERICANS SHOULD KNOW BETTER THAN ANYONE ELSE THE DANGERS of changing the laws of the state to single out a group of people as "inferior" or "against God's laws." For 400 years the Bible was misused to say Black people were put on earth to be slaves. For 400

years equality for Black people was declared "against nature" and "against God's law." VOTE NO ON 9.

4) In the United States, RELIGION AND GOVERNMENT ARE SEPARATED TO HELP KEEP ANY ONE RELIGION OR DENOMINATION FROM FORCING ITS WILL ON EVERYBODY ELSE. Help keep it that way. VOTE NO ON 9.

5) MEASURE 9 IS A TRICK. It pretends to protect us. It is in fact a cruel and mean-spirited effort to impose suffering on a group of people. PLEASE, VOTE NO ON 9.

# Re-Elect McCoy

DEMOCRAT Senate District 8

"I want to continue working for the People in Senate District 8."

The most important supporter is your Vote for a "Democrat".

Don't be fooled by my opponent. He and (George Bush) have much in common.

1. They are both oilmen and represent oil interests
2. They both run negative campaigns
3. They are both "Republican"

When have people like this done anything for you?

Talk is cheap. Accomplishments are what count.

As chair of the Senate Human Resources Committee, Senator McCoy has had to deal with the hard issues. Issues such as education, health care, Senior needs and Welfare.

Senator McCoy has the experience and character to do what has to be done and not expect to win the praise of those who can't buy his vote.

Don't be fooled. Vote McCoy
