The event will include a Job Fair where students can meet with representatives from 56 employers. There will also be panel presentations on specific industries, a motivational speech by Urban League President Dr. Darryl Tukufu, a complimentary lunch and special entertainment. Youths also will receive a free commemorative T-shirt.

LA Is Site Of 1993 Big Conference

The Fifteenth Annual Blacks In Government (BIG) National Training Conference will be held in Los Angeles, CA, August 16-21st, 1993, BIG President Marion A. Bowden announced today. The theme of the conference is "Creating a Climate of Change."

Mr. Bowden said the theme reflects the organization's desire to focus on the process by which change takes place. "How people are empowered and government and the private sector are motivated to improve the conditions under which we live. If we are to make it into the 21st century, we will need to direct our energies and resources toward key goals. But that can only take place in an atmosphere of hope, commitment to people, and change," he said. Bowden said that, in the public sector, BIG is seeking to

encourage government officials to take the leadership in achieving a higher standard of public service.

"The Rodney King incident dramatized that we still have a long way to go to assure that all citizens are treated equally before the law. Those were policemen, civil servants, beating up on King.

And those were other civil servants watching them. That shouldn't be happening today, but we know it does. And the jury verdict following the beating shows that there is widespread public acceptance of disparate treatment for minorities.

"Los Angeles has come to symbolize how far we have to go to achieve a society which can respond positively to Rodney King's entreaty, 'why can't we all get along'," Bowden said.

Wanda M. Heard, a human resources professional employed by the Long Beach Naval Shipyard has been named conference chair. Ms. Heard is Second Vice-President of national BIG. A charter member of the Los Angeles-Long Beach Chapter, she has held a number of elected and appointed offices in her chapter as well as at the regional level.

BIG is a nonprofit, nonpartisan organization of government employees at the Federal, State and local levels dedicated to promoting excellence in government through equality of opportunity. More than 170 chapters represent Federal, State, and local government agencies around the country.

Early registration for the conference is \$225 for members and \$260 for nonmembers. After June 16, its \$260 for members and \$295 for nonmembers.
