Notice Of Public Hearing

A Public Hearing will be held by the Tri-County Metropolitan Transportation District of Oregon (Tri-Met) at 3:30 P.M., Wednesday, March 31, 1993 at the Portland Building, 1120 SW 4th Avenue, 2nd Floor, Room C, for the purpose of considering projects for which funding under Sections 3 and 9 of the Federal Transit Act, as amended, is being sought.

Two of four applications to be reviewed at the hearing pertain to a national "economic Stimulus Program" expected to be approved by the U.S. Congress in the near future. If additional funds are made available to the Portland region, Tri-Met proposes to buy buses to replace older buses now in service. Proposed projects and budgets:

Sec. 9 FY93 Amendment	Federal Share	Total Budget
Hillsboro Extension to Westside Corridor Project Preliminary engineering & Final environmental Impact Statement	\$550,000	\$687,500
Buses, 21 40-Ft., w/Lifts (New)	3,768,450	4,200,000
Regional Transportation Demand Mgmt. Prog.	536,556	598,000
Total:	4,855,006	5,485,500

Sec. 9 Economic Stimulus Proposal

Buses, 17 40-Ft. w/Lifts, (Replacement)	\$,888,250	\$3,610,313
---	------------	-------------

Sec. 3 Discretionary

Buses, 15 40-Ft. w/Lifts, (Replacement)	\$2,500,000	\$3,333,333
---	-------------	-------------

Sec. 3 Economic Stimulus Proposal

Buses, 119 40-Ft. w/Lifts (Replacement)	\$19,450,000	\$24,312,500
---	--------------	--------------

Subsequent to grant approval, preliminary engineering and final environmental work on the Hillsboro Extension will proceed following the expected July 1993 selection of a Locally Preferred Alternative. New diesel-fueled, lift-equipped buses will support upgraded and expanded service, and will allow Tri-Met to take old buses without lifts out of service. Funding requested for a regional "transportation demand management" program will finance broadened rideshare, employer outreach, and other management efforts. The intent of the program is to increase commuter options and reduce vehicle miles travelled in the region.

No persons, families or businesses will be displaced by the projects. Projects are in conformance with comprehensive land use and transportation planning in the area and will be programmed in the Transportation Improvement Program.

A statement of Tri-Met's charter bus service is available for inspection at the Tri-Met Administration offices. Tri-Met will not be engaging in school bus operations.

Private transportation enterprise will not be directly affected by the projects.

At the hearing, Tri-Met will afford opportunity for interested persons or agencies to be heard with respect to the social, economic and environmental aspects of the projects.

A person requesting a sign language interpreter shall give Tri-Met at least 48 hours notice of the request by contacting Tri-Met at 238-4952 or TDD 239-5811, Monday through Friday, 8:30 am to 4:30 pm.

Copies of the grant applications and a transit development plan for the area are available for public inspection at Tri-Met's Grant Department, 4012 S.E. 17th Avenue, 3rd floor, Portland, Oregon, 97202.
