Data Processing

Network Support Supervisor

Blue Cross and Blue Shield of Oregon is currently seeking a highly motivated individual with experience in managing all voice, data, and LAN communication activities within a large corporation. Previous management experience, project management skills and excellent communication abilities strongly preferred. Applicants should have a minimum of four years' experience in the communications industry. Must be familiar with the necessary management techniques to maintain a stable and cost effective communication network, and be familiar with current communication technology and directions. The supervisor will be responsible for all corporate PBX, LAN, and data communications systems. These systems are interconnected via a statewide T1 backbone utilizing Stratacom IPX multiplexors. Over 2,000 terminals and personal computers are connected to the LAN and data systems so a reliable network is essential to corporate operations. Responsibilities also include evaluating, recommending, and installing new communications technology.

Blue Cross and Blue Shield of Oregon offers an excellent employee benefits package and competitive salary. Pre-employment drug screening required. To assure your resume is processed immediately, place ad #174 at the top of your cover letter. Send resume to:
